AUGHERTY GIVES AN ACCOUNTING OF HIS STEWARDSHIP

akes His Only Campaign Speech to Voters of His Home State at Canton—Defends Action in Rail Injunction—Says That He is No Enemy of Honestly Organized Labor

(By The Associated Press)

CANTON, O., Oct. 21.—Making his only campaign ech to the voters of his home state, Attorney General ugherty tonight gave an accounting of his stewardship Washington, defended his course in the Chicago in- ction proceedings and in the prosecution of war frauds declared that despite accusation and calumny the de- rtment of justice would proceed to perform its duties it sees them under the constitution.

In the strike emergency the attorney general said the deral government used the injunction as the least dras- means at hand for rescuing the country from the grip civil war. He ascribed some of the blame to the "rad- alism and character of prominent labor leaders" and me of it to "hard boiled" railway executives and assert- that any attorney general who would not have acted un- r the circumstances "should be impeached."

Declaring the real purpose of attacks on the department record in war frauds investigation was to force the hand of the government and prematurely disclose important evidence Mr. Daugherty said such assaults had been inspired not by the department's inactivity but because tender spots had been touched by the suits already under way.

"We would have heard little criticism of the department of justice," he said, "had it not been discovered that a case like the chemical foundation, for instance (in which valuable patents were assigned by public officials to companies which they themselves had organized,) was under investigation and the part played by those involved also was being scrutinized by government agents.

"And let me suggest that I have had the unique experience of sitting in the department of justice and listening to the story of a man formerly connected with the government and hearing patiently his pleas for certain fairly legitimate concessions when at the same time in New York another former official one of his associates was busily engaged in getting contributions and making connections in order that the attacks upon the department of justice might be increased.

Can Give Names

"I can give the names of these parties if ever they lift their voices to dispute this statement, but unless I am authorized by them so to do I should like to go thru this entire investigation without prematurely mentioning names except in the orderly process of court proceddings."

Summing up the record of the department under his administration, the attorney general said that more than 400 cases are undealings with war time frauds were in the hands of the United States attorneys thruout the country and that 13 fraud indictments had been returned. In the past year he said the department had begun 9,646 civil and 60,000 criminal prosecutions, while adjudications and penalties collected since he came into office totalled nearly $8,000,000.

Mr. Daugherty prefaced his discussion of the rail strike with an assurance that he was no enemy of honestly organized labor.

UPREME COURT RULES AGAINST GOVERNOR SMALL

xecutive Had No Right to Pardon Board Members

(By The Associated Press)

SPRINGFIELD, Oct. 21—The inois Supreme Court, in an opin- n handed down tonight, denies e right of Governor Small to rdon members of the Chicago hool Board who were recently dered fined and imprisoned on harges of contempt of the Cook unty circuit court. The court fused to issue a writ of man- amus as prayed by Attorney Gen- al Brundage to compel Sheriff ers of Cook county to exe- e the judgements of the court gainst the members. The court rects that the fines be collected nd that the board members be nt to jail.

The case arose out of the case f ousting by the school board of harles Edsey as superintendent f scools. His election had been pheld by the supreme court. The action of the school board as in defiance of the judge," he court said. "The board had he legal right if it thought the udgement was erroneous to have reviewed by the higher court ut it did not have the right to efuse to obey it.

The power to punish for con- empt of court is in the judicial epartment of the government nd no power is conferred upon he executive department to re- iew, set aside or annul in any manner the judgement of the ourt. The governor cannot ex- rcise any of the powers of the udicial department unless the uthority is clearly granted by the onstitution. The constitutional rant of power to the governor to rant pardons after conviction 'for all offenses" does not ap- ly since this is a civil contempt."

O PROMISE OF BETTERMENT

(By The Associated Press)

LONDON, Oct. 21.—Speaking at Bristol today John R. Blynes, the labor leader, said there was no promise of betterment for the people in the week's dramatic events.

He described Mr. Andrew Bonar Law as "clever and honest" but obstinate and asked what the new premier would do about the unemployed and housing questions, about reparations, about France, about the interest on the debt.

The stock of the labor party, Mr. Clynes declared, was never so high; the fear of its opponents was never so great. Labor, he added, had submitted itself as an alternative government.

ILLINOIS LABOR PLANS FOR FIGHT ON CONSTITUTION

Will Raise $60,000 to Fight Against its Passage

(By The Associated Press)

ROCKFORD, Ill., Oct. 21—Voting an assessment of 25 cents a member for a fund of $60,000 to fight the proposed new state constitution, shortly before adjournment, and passing several resolutions of interest only to labor union members, the 1922 convention of the state federation of labor came to a close here early this evening.

Among the resolutions reported out tonight was a recommendation for the establishment of a daily labor paper, to be non-partisan, in Chicago and a vote of sympathy to the Gandhi followers in India. A review of the work of the convention shows the following action on matters of general interest:

Favoring modification of the Volstead act to permit sale of light wine and genuine beer.

Creation of a state insurance fund for injured workmen and increases in the amounts to be paid the injured.

Endorsement of the bonus for ex-service men.

Requesting passage of a child labor law.

Disapproval of the proposed new national woman's party for the removal of civil and legal discrimination against women.

Favoring passage of the women's eight hour bill by the Illinois general assembly.

Requesting improvement of working conditions of employes of the national postal service.

United opposition to the adoption of the proposed new state constitution.

Rejecton of the amalgamation plan of industrial organization into one big union.

Retention of the referendum system of electing state officers of the federation in preference to selection by delegates in annual conventions.

CHARGED WITH VIOLATING STATE BLUE SKY LAW

Head of Chicago Brokerage Firm is Held on That Charge

(By The Associated Press)

CHICAGO, Oct. 21.—Charged with violation of the Illinois "blue sky" law, A. M. Andrews, head of Andrews & Co., investment brokers, was arrested on warrants issued at request of the state's attorney's office today. Edward H. Taylor, E. J. Hand and Merrill W. Tilden are being sought on warrants which charge violation of the Illinois securities act.

Officials of the state's attorney's office said that the complaint was based on the sale of stocks in the Falls Motor corporation.

"This stock," Assistant State's Attorney Taylor said, "is in question because it is not qualified in this state. The company is incorporated in Virginia and it has not complied with the Illinois law in regard to the marketing of securities."

GOLF PLAYER BREAKS LEG

(By The Associated Press)

PROVIDENCE, R. I., Oct. 21.—After making a perfect drive from the third tee on the golf course at the Silver Spring Country Club this afternoon, Daniel McWilliams crumpled and fell to the ground with a groan, both bones of his right leg fractured between the ankle and knee.

P. J. Clarke, Joseph C. Citshaw who were playing with McWilliams, declared the accident was one of the most unusual known to golfers and were at a loss to explain how it happened. The theory is advanced that the sudden twist McWilliams used in hitting the ball caused the bones to snap.

M'ADOO TALKS TO PEORIA DEMOCRATS

Peoria, Ill., Oct. 21.—International co-operation to prevent war and a sound basis for agriculture were among the biggest problems confronting the nation, William G. McAdoo, former secretary of the treasury, declared tonight in a Democratic campaign address. He charged that the Republican administration had by a policy of deflation destroyed prosperity and attacked the Fordney-McCumber tariff bill. It is estimated that the cost of livink to the American people will be increased by the Fordney-McCumber bill $4,000,000,000 per annum, he said.

FEEDS $250 DIAMOND RING TO CHICKENS

Peoria, Ill., Oct. 21.—When Henry Wagaaner lost a $250 diamond ring here today, he reported the loss to the police who on questioning him learned it had been missed shortly after he fed his chickens. They advised him to look to his chickens. Wagaaner did. After killing eighteen of his flock he found the missing gem in a gizzard. He has invited his neighbors for a chicken dinner tomorrow.

LONG CLINGING SKIRTS DO NOT PROVE POPULAR

Deans of Women's Colleges In Illinois Are Not Enthusiastic

(By The Associated Press)

CHICAGO, Oct. 21—Long clinging skirts, high heels and narrow vamped shoes did not prove popular at a meeting of the deans of women's colleges in Illinois here today. The heralded departure of the short skirt was deplored.

Due to the present sensible type of dressing, the good effect of girls' camps and the greater emancipation of women, the 1921 high school girl is a much moer vigorous type than her predecessors of other years, speakers agreed. Concern was expressed that a return to the "slinker" styles would mean that much that has been gained will again be lost.

"The average school girl disregards the value of good health," Miss Gertrude Dudley, chief of the woman's department of physical education at the University of Chicago declared, "she can be appealed to thru her vanity."

LION HUNTING IN MICHIGAN

(By The Associated Press)

ST. JOSEPH, Mich., Oct. 21.—Lion hunting near here was at a halt tonight with Sheriff George Bridgman and Deputy Sheriff H. W. Gowdy expressing an opinion that the animals reported to be ferocious wild beasts which had caused terrorism to spread among residents ,were large dogs. A two day search by a posse of the vicinity of Lakeside has been practically concluded its members deciding that further search was useless.

Tracks left by the animals in soft ground resulted in a divided opinion as to the nature of the invader. In places the imprints were nearly four inches across and an inch deep.

Mrs. Wilbur Glossinger, who first saw the animals, said that she still was convinced that they were lions. She added that she was so certain of this fact that she and her family were leaving for Union Pier until the lions were found and killed.

DECLARES CLOSING ORDINANCE VALID

(By The Associated Press)

SPRINGFIELD, Ill., Oct. 21.—The supreme court tonight declared the Chicago ordinance closing amusement places at 1 a. m. to be valid in the case brought by the city against the Green Mill Gardens.

In a decision rendered shortly before adjournment tonight the court reversed and remanded a decision by the lower court which held the ordinance did not apply to restaurants such as that conducted by the defendant. The court holds that the defendant conducts an amusement place within the meaning of the ordinance which it upholds as valid and a reasonable regulation and declared that the Green Mill Gardens company was guilty of violating the ordinance.

LIQUOR RULING NOW EFFECTIVE ON ALL VESSELS

Foreign Ships in Three Mile Limit; American Anywhere

(By The Associated Press)

WASHINGTON, Oct. 21—Provisions of the liquor statutes, held by Attorney General Daugherty to prohibit transportation and sale of alcholic beverages on American vessels anywhere and on foreign vessels within three miles of the United States coast became effective tonight at midnight.

A foreign vessel sailing with inhibited cargo after today, it was said, would be liable to the penalties fixed by the Volstead act, if and when she entered American coastal waters bearing that cargo.

American ships, under the ruling of the attorney general which received the formal approval of President Harding, are prohibited from possessing liquor regardless of where they are in operation.

Enforcement officials are hopeful of a decision coming from the federal district court in New York where the new interpretation of the law is under fire by both foreign and American lines—before the arrival of a vessel in violation of the ban necessitates punitive action against the ship, the agents and her master as required by law.

It is pointed out that only vessels which clear from foreign ports after midnight tonight come within the restrictions, thus giving a further "automatic stay" of from five to seven days in the cases of most ships on the regular Atlantic routes and of an even longer period with respect to ships crossing the Pacific.

Look For Early Decision

Administration officials looked to an early decision from Judge Hand in New York, to clear the situation. If affirmative—granting a permanent injunction which would restrain the government from enforcing its interpretation of the law—the decision would act as an automatic stay pending adjudication of the appeal, which, the department of justice has indicated would be immediately taken.

Should Judge Hand vacate the temporary order, the government would be free to proceed with enforcement unless and until the lines affected brought some new action in the courts. Reply by the state department to the protests of Great Britain against seizure of the Canadian schooner Emerald tonight still was awaiting a detailed report from the New York prohibition director giving details of the case against that ship.

Under the policy announced by President Harding enforcement of the liquor and customs law at sea would be restricted to the three mile zone except in cases of ships which had established communication with American territory by their own boats or in such a manner as brought them within the purview of court decisions holding such fract to be illegally within the zone altho physically outside.

TICKET AGENT FACES EMBEZZLEMENT CHARGE

(By The Associated Press)

BLOOMINGTON, Ill., Oct. 21—Roy Smith, for two years ticket agent of the Illinois Traction System here, was arrested today and charged with embezzling $2,700 from his employers.

Smith freely admits his guilt and expressed anxiety to start serving his time which for offense he is charged with committing may be anywhere from one to fourteen years. All he is willing to say is that "$2,700 is more than I could make with the traction system in several years."

He was reelased on $4,000 bonds to await action by the grand jury.

Smith is married and has one child.

NEW STADIUM OVERFLOWED SATURDAY

Columbus, O., Oct. 21.—The Ohio State University's new stadium is constructed to seat 63,000 persons, 72,500 were inside the immns horsshor, R. M. Royer, treasurer of the University Athletic association announced tonight.

The exact number will never be known, because as some gates the crowds became impatient, rushed the ticket takers, tore out the turnstiles and made for their seats. Several hundred also gained admission by breaking thru police lines.

E DISGUSTED JAILS VIOLATORS

Minneapolis, Oct. 21.—Declaring he was disgusted with the large number of liquor law violators continuing to appear before him, Judge Page Morris in United States district court here today imposed jail sentences in addition to fines on most of the 65 men and one woman, and filled three county jails with the prisoners.

LLOYD GEORGE IN CHARACTERISTIC SPEECH AT LEEDS

Former Premier Talks to a Sympathetic Audience Saturday—Says That He Will Play No Part that is Unworthy of the Confidence Placed in Him by the People

(By The Associated Press)

LEEDS, Oct. 21.—In a characteristic speech before a sympathetic audience today David Lloyd George defended his administration but refrained from revealing his program. He spoke strongly of the past, but vaguely of the fututre. Apparently his plans are not formed, or he feels that the time is not ripe for disclosing them. He promised the people that whatever the future might bring he would do nothing mean or paltry declaring:

"I will play no part that is unworthy of the confidence placed in me by the people of this country at the greatest moment in the empire's history."

Lloyd George did not say specifically that it was his purpose to lead the liberal body, he did refrain, as at Manchester from endorsing Austen Chamberlain's pronouncement that the labor party was a menace to the country. After reviewing the achievements of his government in war and peace, and particularly holding up its success in restoring Great Britain's commercial prestige, he exclaimed:

"And they have smashed the combination that pulled thru our trade, our commerce and our credit thruout the world. It is a crime against the nation."

One of his keenest phrases was:

"We are just beginning to look the dollar in the face on equal terms," after claiming the approach of sterling exchange toward normal as one of the most important works of the government.

Enthusiasts recently accused the retiring premier of coldness toward the league of nations, but he eulogized that as another of the government's great works. He had good words for the Washington agreement and for the Unionists who cooperated in the Irish settlement.

A typical passage was:

"Education for the people; housing difficulties, disarmaments,, peace with Ireland, more liberty in India—these are not things that sound well in May fair and they have no special appeal in Belgravia. It is really cheerful to know that when you have been spending your strength as I have for years in trying to serve your country you aren't forgotten the first time a resolution is passed against you at a west end club."

The meeting was held in a moving picture house because it was the largest hall in Leeds. In this darkened auditorium the limelight was turned upon Mr. Lloyd George literally.

The crowds were immense, and there was no mistaking the warmth and affectionate nature of their greeting.

Characteristic as the speech was as far as it went, it lacked personalities which usually give a spice to Mr. Lloyd George's platform appearance. He had no hard words for his enemies, Mr. Bonar Law was still his friend. He declared that no one who might possibly join in the Georgian Caravan could be offended by anything he said today.

A much greater assembly was outside the hall than the 3,000 fortunate persons who managed to get tickets.

ASSASSINATION OF WIRTH FALLS THRU

(By The Associated Press)

BERLIN, Oct. 21—This was the day set for the assassination of Chancellor Wirth but he was still living and happy tonight and a young man said by the police to have informed them of the plot remained imprisoned at Hagen in the province of Westphalia.

According to the information which the police said he gave them voluntarily, the murder was to have been carried out in the same manner as the assassination of the late foreign minister Rathenau. The youth was publicly reported to have said that an organization sworn to bring about the assassination of the chancellor hired him to do it and that he accepted the engagement but from the beginning never intended to keep his word.

MUST COMPUTE STOCK AT ACTUAL VALUE

Springfield, Ill., Oct. 21.—Stock in corporations of no par value cannot be assessed at $100 a share as other stock but must be computed at its actual value, the supreme court held tonight in the case of the Roberts & Schaefer company of Chicago, against Louis L. Emmerson, secretary of state. The decision reverses the holding of the secretary of state relative to the taxation of the capital stock of the company. The decision, it is said, will reduce the amount collected in franchise taxes from orporations having stock of no par value.

WOMEN CHARGED WITH KIDNAPING HELD AT BENTON

Mrs. O. T. Shinn Arrested on Request of Oklahoma Officers

(By The Associated Press)

BENTON, Ill., Oct. 21—Mrs. O. T. Shinn, formerly of Oklahoma City, Oklahoma, was placed in jail here this afternoon having been arested at the home of her aunt, five miles northeast of this city at the request of Sheriff Dancy of Oklahoma City on a charge of having kidnapped Jack Keran, 3 years old of Oklahoma City.

Mrs. Shinn was met by Deputy Sheriff Doris of West Frankfort, Ill., as she arrived at her aunt's accompanied by the child to spend the night.

Mrs. Shinn who formerly lived at Ina, Illinois, where her husband was editor of a weekly newspaper told an Associated Press representative she had been asked by the boy's father to take care of the child until he was six years old. She added that she had been caring for the boy since he was 17 months old, when his parents were separated. The boy, she added had been left at her home in Oklahoma City by his mother, who failed to return, tho the child was critically ill.

Mrs. Shinn denied she had an intention of kidnaping the boy and said she would not leave Illinois without formal extradition papers.

The informant who gave her name as Mrs. A. E. Haag, Whittington, Ill., in writing to the prosecuting authorities of Oklahoma City said she would reveal the hiding place of the missing boy for $200. Local authorities said they would not arrest the woman, unless a formal charge was placed against her in connection with the kidnaping. The home of Mrs. Haag is about one half mile from Ewing where Mrs. Shinn is said to have visited relatives for several weeks.

ANDREW BONAR LAW RECEIVED BY KING SATURDAY EVENING

Declines to Discuss What Was Said at the Meeting

(By The Associated Press)

LONDON, Oct. 21—Andrew Bonar Law, the prospective prime minister, was received in audience by the king this evening. There was much speculation as to what passed but Mr. Bonar Law declined to say anything on the subject.

Mr. Lloyd George, arriving in London late this evening received an ovation from a great crowd at the station who demanded a speech. In response he said he had had a tremendous welcome, had found thousands of friends in the north and was delighted to find also thousands in London.

Before leaving Leeds Mr. Lloyd George received the honorary degree of doctor of laws from Leeds University which was voted him some time ago.

A THOUGHT

The Lord God hath given me the tongue of the learned, that I should know how to speak a word in season to him that is weary—Isaiah 50:4.

At some time in our life we feel trembling, fearful longing to do some good things. Life finds its noblest spring of excellence in this hidden impulse to do our best.—Robert Collyer.

At the recent bankers convention in New York City a number of the speakers came out unequivocally in support of the suggestion that all the war debts of European nations be cancelled. However, the suggestion did not meet with any vigorous approval.

The average citizen of the U. S. who made sacrifice of one kind or another during the war time and who has been paying high taxes ever since in order to make good war time obligations, cannot understand how the idea of cancellation appeals to any American.

While conditions affecting the farmer are improving prices must still go quite a long way upward before farming becomes a very profitable business. Those who pay any attention to this matter of prices and production as related to farms cannot but be impressed with the fact that when prices are not satisfactory the farmer seeks to meet the situation by greater production. In labor and in some lines of manufacture just the opposite condition prevails and the effort is made to meet unsatisfactory price conditions by decreasing production.

George L. Riggs as candidate for county clerk can point with pride to the record of his office during the four years just closing. Mr. Riggs has made an honest and intelligent effort to andle the affairs of the office in a correct, business like courteous way and the public can testify to the success that has attended his efforts.

If he is again chosen county clerk at the coming election the public can be certain that the important affairs of that office will be given proper care.

In considering candidates for the coming election voters should take into account the qualifications of Harry Norris, who is Republican candidate for the office of assessor and treasurer. Mr. Norris has spent all of his life in Jacksonville and has a record which will stand inspection. He can safely be trusted with the duties and responsibilities which fall to the lot of the assessor and treasurer of this county.

Out in Kansas they often do radical things, so it is not surprising that the announcement of a profit sharing bank plan comes from that state. In Morton county a state bank proposes that 75 per cent of its net earnings of $5,000 and up to $10,000 shall be paid to the depositors as patronage dividends.

Fifty per cent of the net earnings of $10,000 will be handled in the same way, the payments to be based upon the depositor's average daily balance. This is at least an interesting experiment in financial business.

The changed condition which has come to pass in relation to street car railway business is indicated by the refusal of the Belleville city council to grant an extension of franchise to the street car company doing business there. This action is said to be based upon the theory that within a few years' time street car companies will be operating bus lines because of less expense involved and the flexibility of routing.

BERTON BRALEY'S DAILY POEM

History

By Berton Braley

WHEN you were seven and I was eight,
We used to meet at your front-yard gate,
And I carried your books to school for you,
Though the boys would tease me a lot I knew;
But I bore their jeers with a courage stout,
For you were worth being teased about,
And I felt, with a sort of a warm delight,
You were my lady, and I your knight.

WHEN I was twenty and you were nineteen,
The days flowed by in a way serene,
With comradeship as our slender tether,
We danced and chatted and walked together;
Until, one night, in a whirl of bliss,
Our young lips met in a long, long kiss,
And we knew, as the wonderful moon shone bright,
You were my lady, and I your knight.

YOU'RE sixty-two and I'm sixty-three,
But whenever I look at you I see
The girl of seven—the lass, nineteen,
And my heart still leaps with an ardor keen;
I know the thrill that I used to know
When I squired you pridefully, long ago,
And now, as then, though our hair is white,
You are my lady and I your knight!

Former U. S. Senator Sherman is putting forward an argument in favor of the proposed new constitution which is certain to attract down state attention. Mr. Sherman in a recent address declares that without the changes proposed that within a few years Chicago will be in control of the affairs of the entire state.

As proof of this statement the figures are given to show that in 1870 fourteen per cent of the people of Illinois were resident in Chicago, while today 47 per cent live there. It is easy to understand that within a few years the 50 per cent mark will be passed and the down state counties will be under the control of the big metropolis.

"GOOD READIN'"

(NEA)

In 1940 the world will celebrate the 500th anniversary of the invention of movable type. Before this invention, printing was done by carving an entire page on a solid block of wood or metal.

In the 60 years after the first movable type was brought out by Coster or Gutenberg, 40,000 books were printed.

Men rapidly developed the appetite for reading.

Research men in England, with more time than they know what to do with, have been checking up. They estimate that about 15,500,000 separate books have been printed, in all countries combined, since the invention of movable type.

Nearly 300,000 new books are turned loose on the world each year. And the flood steadily grows larger.

In addition, is the tremendous output of newspapers, magazines, trade papers, folders, booklets, etc.

Small wonder, that most of us are perplexed when it comes to deciding what to read. We are like flies, facing a mountain of sugar, and unable to eat more than one grain at a time.

Rather a discouraging outlook for young writers. George Ade once said that the chief trouble with the writing business is that there is so much competition with dead men.

Even a rapid reader, reading all day and far into the night, would be unable to peruse more than 1 to 1000 of the new books issued yearly thruout the world.

Life is short. We are caged in by the limits of time.

As with books, so with knowledge. The most brilliant brain finds life too short to acquire more than a tiny fraction of the vast fund of knowledge accumulated and passed on thru the centuries by millions of inquiring minds.

Knowledge is a circus with a million rings, all going at once, no man able to grasp the whole show. The choice is to watch one ring intently (specialize) or wander up and down the tent, picking up a smattering about all rings in general and none in particular.

French writers seem to grasp the idea. It is not unusual for one of them to devote a lifetime of research to writing the history of one article—such as the pin, glove or sparrow.

Greatest of all books is the never-ending serial story, the Book of Life. You see it mirrored in the newspaper.

LONG TIME RESIDENT DIES AT BEARDSTOWN

Funeral of John Listmann Will Be Held There Today—Deceased Had Many Morgan County Friends.

The funeral of John Listmann, a prominent resident of Beardstown, will be held there this afternon at 3 o'clock at the Fourth Street Lutheran church, conducted by the pastor, the Rev. T. B. Epting. The memorial sermon will be delivered by Dr. William Schulzke, a life long friend. Mr. Listmann, who well known by many Morgan county people, was an uncle of Mrs. Alvin W. Edson. The following obituary notice is from the Beardstown Star:

"The death summons came to one of Beardstown's best known and most highly respected citizens yesterday afternoon when John Listmann passed away after a few weeks' illness.

"His death came as a shock to the entire community as few had realized that his condition was so serious.

"John Listmann was born in Frischborn, Hesse, Darm-stadt, Germany, Oct. 26th, 1853, and died at his home in Beardstown, Oct. 19th, 1922; aged 71 years, 11 months and 23 days.

"His early youth was spent in his native land and he received a full course of instruction in the public schools. In 1867 he came with his parents to this country and settled in Springfield. He continued his education there principally by home study. In fact he was a diligent and profound student thruout his entire life. His reading covered a wide range of subjects. He was familiar with both ancient and modern history and literature and kept abreast of the times in all matters of current interest. He also had a considerable knowledge of law and his friends and acquaintances found him always able and willing to act as guide, philosopher and friend.'

"While still a young man, Mr. Listmann came to Beardstown, making his home with the late Adam Ruppel, with whom he also formed a business partnership, which continued for 27 years.

"October 20th, 1881, he married Miss Marie Lammers of this city. Three daughters came to bless their home, Misses Cora and Phoebe, of this city, and Mrs. Alice Sundberg, of Springfield, Ohio, all of whom with the mother survive. There are also two grandchildren, Rosemary and Carol Sundberg.

"Mr. Listmann was always an ernest student of the Bible and has been since early manhood an active member of the Fourth St. Lutherna church. He has served for many years as secretary of the church council, and was also a deacon and Sunday school worker and teacher He will be sorely missed in every department of church work. He was always deeply interested in all matters pertaining to the public schools and has been secretary of the Board of Education for the past twenty-five years and a director of the public library for fifteen years. He was ever willing to lend his aid and influence in all matters pertaining to civic betterment and the higher interests of the community.

"He enjoyed his home and was a devoted husband and father; a good neighbor and faithful friend. He will be greatly missed in his home, neighborhood, the church and the entire community. Aware that his passing was near he made all the arrangements for his funeral as calmly as tho preparing for a pleasnt journey. Death had no terrors for him. Quietly he passed thru the sunset gates into the still harbor of peace."

FORMER RESIDENT DIES IN CHICAGO

Mrs. Katherine Munroe Was Daughter of Late David A. Smith—Popular Here Many Years Ago.

"Mrs. Katherine B. Munroe, who died this morning at her residence, 5411 Blackstone avenue, after a brief illness, was the widow of James E. Munroe, a prominent attorney for many years during which he defended the city successfully in several large damage suits. She is survived by her son, Edward Munroe. Services will be held by Dr. William Chalmers Covert at the First Presbyterian church tomorrow afternoon."

The above obituary notice from the Chicago "Evening Post," of recent date, was received by Rev. Thomas W. Smith, a nephew of Mrs. Munroe. Many will remember her as the gifted and popular Kate B. Smith of this city, graduate of the Athenaeum, and artist and musician. Mr. Hugh B. Smith, her brother, is now the only surviving member of the family of David A. Smith and feels his loss keenly.

In 1913 she suffered the loss of her husband and in 1915 that of her married daughter, Annis. Mrs. Munroe had been in fairly good health for a number of years and her death came as a surprise and sorrow to many relatives and friends. She enjoyed living in Chicago on the south side, close to her son, Edward and his family, who mourn the passing on of a brave and loving mother.

"With mercy and with judgment
My web of time He wove;
And aye the dews of sorrow
Were lustred with His love
I'll bless the hand that guided
I'll bless the heart that planned,
When throned where glory dwelleth
In Immanuel's land."

SALVATION ARMY DRIVE SOON TO OPEN

American Legion Will Assist In Raising Quota of $3,500—Camp Fire Girls to Help on Tag Day.

The 1922-23 Salvation Army Budget campaign will open in Jacksonville next Wednesday, Oct. 25. The sum of $3,350 will be sought, all of which will be expended for charitable purposes in Morgan county. C. Y. Rowe, chairman of the appeal committee of the advisory board has announced that plans for the campaign are well under way. It is hoped that the budget will be secured by next Saturday.

The following American Legion men will assist the army's corps:

Hayden Walker.
Albert Yording.
H. E. Woodman.
H. C. A.Kohloff.
Clarence Ratachak.
Worthington Adams.
E. A. Liter.
Clyde Black.
H. G. Myers.
Chas. Kahl.
Reaugh Jennings.
John Larson
Harry Simmons.
Louis Cain.
McAllister and Hughs.

The American Legion and Campfire girls have volunteered to join the local appeal committee of the Salvation Army. Twenty-five members of the post of American Legion will report to the headquarters to act as solicitors for the appeal committee.

The organizations of the Campfire girls will act on Tag day, Saturday, October 28th, selling dollar doughnuts. Mrs. Frank Heini has charge of the Tag day work. A keen interest among the Campfire girls has been stimulated by the offering of three prizes to go to the Campfire fund for the girls having best success in raising funds.

Letter of Appeal

In regard to the army service appeal which will take place in Jacksonville on October 25th the following letter has been sent out by the committee.

"Dear Friend:

"The Salvation Army derives its name from the fact that it works for the salvation of mankind.

"It is the strongest and largest single charity organization in the world, yet its fundamental aim is always the same—the bringing of the individual into personal and friendly relations with Jesus Christ, the World's Redeemer. Its other purposes include the feeding of the hungry, the clothing of the ragged, the housing of the homeless, the cleansing of the unclean.

"To the limit of its capacity, the Salvation Army opens its doors to every human being who may need help. No conditions—creedal, ethical or radical—are made. Real need is the sole condition.

"The annual appeal of the Salvation Army takes place October 25th and 28th. The advisory board pared down the budget for the local corps to the lowest possible point.

"The American Legion men who will make the local solicitation for funds may not be able to reach you personally. If they do not call upon you Wednesday, will you not send your donation whatever size it may be, to the treasurer? All contributions should be made to C. A. Johnson, Jacksonville, Illinois.

"All the Salvation Army asks is the opportunity to continue its service of love to God and humanity.

"Yours very truly,

"Salvation Army Home Service Appeal."

The Wonder Melodrama of Love and Thrills

Don't fail to see Charles "Buck" Jones and Eileen Percy, in a thrilling picturization of Lincoln J. Carter's Stage Triumph of twenty years ago.

"The Fast Mail"

This adaptation of Carter's famous play has almost every sensational feat imaginable except airplane stunts. For one not conversant with the original in the palmy days when Carter's mellers were erupting regularly it is impossible to say how closely it adheres to the original, but in order to have the original stick to the stage play would have to travel mighty fast.

The story or the villain who conspires to win a Mississippi steeplechase by foul means and to capture a Southern belle in the same way keeps the spectator breathing fast almost from the first moment. The fast mail train istelf appears in the picture only as an incident, but the photoplay travels with enough speed to make one feel one is on a through express all the way.

Moreover, it introduces the world's champion jumping hero. He jumps off his steed in Montana to rescue the heroine. He jumps over hurdles in a steeplechase; he jumps on the fast mail from a speeding handcar and from the locomotive back into an automobile, to show the first leap was not a fluke. He jumps from one Mississippi steamboat on to another, which inhospitably blows up, so that he has to jump into the river.

A crash—a spill—a smash—a thrill—a flying plane—a dashing train—the race of the age—the villain in a rage—Will the hero fail—Oh, no!—let's go—see "The Fast Mail."

SUSTAINS FRACTURE OF BONES IN FOOT

Mrs. Albert E. Richardson Injured When Piano Falls on Her Foot—Will Be Incapacitated for Some Time.

Mrs. Edith Shuff Richardson, wife of Albert E. Richardson, living west of the city, sustained several broken bones in one of her feet and badly bruised shoulders recently when a piano which she was attempting to move, fell on her.

Mrs. Richardson was preparing to sweep behind the piano and in attempting to move the instrument one of the glass castors broke causing the piano to careen and in attempting to hold it Mrs. Richardson was caught under the instrument sustaining injuries as stated above.

At the time of the accident Mrs. Richardson was alone in the house. Her suffering was intense, but she managed to get to a bed where she lay for a period of about four hours, before her husband returned. A physician was summoned and the injured member was given medical attention. On examination it was found that she had sustained four broken bones in her foot. Mrs. Richardson is getting along slowly and will be laid up for some time before she will be able to again have the full use of her foot.

A Drama of the Mad Age

Is the modern world, like ancient Rome, racing to ruin on a wave of jazz and cocktails? This greatest of all the DeMille productions gives the startling answer. Stronger in cast and story, more gorgeous in gowns and settings, more amazingly beautiful in spectacle than anything ever seen upon the screen. With lovely Leatrice Joy as a reckless society beauty and Thomas Meighan as the hero who, loving her, sends her to prison. And a wonder-cast of stars including Lois Wilson, John Miltern, George Fawcett, Julia Faye, Edythe Chapman, Jack Mower, Casson Ferguson, Dorothy Cumming, Mickey Moore, James Neill and Sylvia Ashton.

BARITONE TO APPEAR UNDER CLUB'S AUSPICES

Charles Normal Granville, Distinguished American Baritone, to Sing Here Under Auspices of Jacksonville Woman's Club.

Charles Norman Granville, the noted American baritone, will appear here November 6, at the high school auditorium under auspices of the Jacksonville Woman's club. The club feels fortunate in being able to arrange for the local appearance of this distinguished singer and the audience which greets him here will doubtless be a large one.

Mr. Granville is a splendid example of what grit and application will accomplish.

Inspired with the the ambition to sing he resigned as second baritone of the Boston Lyric Opera company and arrived in New York with scarcely anything more than a good voice, youth and determination to succeed. After arranging for daily lessons with Agramonte, a celebrated teacher, he purchased a few scores of opera and oratorios and with the aid of only a pitch-pipe, being too poor to indulge in the luxury of a piano, he began his first study of repertoire. After several years of assiduous study in the fundamentals of voice production and the art of singing, he was heard by the world renowned baritone, Victor Maurel, who enthusiastically accepted him as a student. He remained with Maurel for four years, the greater part of the time having daily lessons and the last two years acting as first assistant teacher. His first appearance in recital at Aeolian hall was a brilliant success upon which occasion the press was consistent in its praise of his vocal interpretative ability. Musical American in reviewing his work said, "Mr. Granville, thru his beautiful voice, artistic singing and faultless enunciation has placed himself among the foremost American baratones."

Admirably equipped as to the vocal, artistic and technical demands of his art, few baritones on the concert stage can boast of an upper register which compares with that possessed by this singer.

Besides the charm of his personality and the versatility of his performance there is a power and dignity in his rendition of dramatic songs that reveal the highest artistic skill and insight. His flawless enunciation is a model for all singers. In addition to his numerous recitals he has appeared with many of the leading musical organizations of the country.

R. P. Joy has returned from Arizona where he has been the past two years for the benefit of his health. Mr. Joy was well pleased with the climate in Arizona and feels much benefitted by his stay there.

HUMMER REROUTING NOT IN PROSPECT

Passenger Traffic Manager Charlton of the C. and A., Says Jacksonville Is Unduly Alarmed.

Jacksonville people will be glad to read a statement from George J. Charlton, traffic passenger manager of the Chicago & Alton, stating that there is no intention of rerouting the Hummer from Chicago and sending it over the Bloomington to Springfield division.

A telegram to this effect was sent by Mr. Charlton to R. Y. Rowe, as president of the chamber of comerce, and in a letter to D. C. Diltz, local agent of the company, Mr. Charlton quotes the telegram and makes a further statement with reference to the proposed time card.

Mr. Charlton says that if by chance the Hummer is routed over the other division that another train running practically on the Hummer's present time will be sent over this division.

The letter to Mr. Diltz is as follows:

Chicago October 20, 1922.

Mr. D. C. Diltz,
Jacksonville, Ill.

Under date of October 19th Mr. R. Y. Rowe, president Chamber of Commerce, Jacksonville, Illinois, wired me with reference to the rerouting of the Hummer

My reply to Mr. Rowe was as follows:

Chicago, October 20, 1922.

R. Y. Rowe, President
Chamber of Commerce,
Jacksonville, Ill.

You are unnecessarily alarmed. No idea of depriving you of any passenger train service you now have, in fact we are figuring if possible to do something better for you on the new card. Will write you today.

George J. Charlton.

In discussing with the Illinois Commission the necessity for some service in connection with Train No. 9 for Lincoln and Springfield when we come to make up a new card at some indefinite time in the future, it was suggested that Train No. 9 should be operated by way of the main line thru Lincoln and Springfield as it was formerly operated, leaving Chicago about 5 p. m. I do not think that can be done but I said to the Commission that if it was possible that would be arranged providing we were not obliged to stop at all stations on the air line.

If No. 9 is routed thru Springfield we would operate 45 on the present schedule of No. 9 from Bloomington thru Jacksonville with thru sleeping cars for Kansas City so that Jacksonville would have exactly the same kind of service as they have at the present time.

Howver, I do not believe there is any chance of putting No. 9 on an earlier schedule out of Chicago, 5:10 instead of 6:00 p. m., so that our Jacksonville friends need not be anxious over the situation. I wish you would see Mr. Rowe and explain this situation to him.

George J. Charlton.

CAR OVERTURNED NEAR VALLEY CITY

Mrs. Edward Johnston of Pittsfield was slightly injured when the car in which she was traveling to this city was overturned near Valley City. The driver of the car suddenly threw on the brakes in an effort to avoid a deep rut in the road and the car turned completely over. The occupants were all considerable shaken up but escaped injury with the exception of Mrs. Johnston who sustained a hip injury. All consider themselves fortunate in their escape from serious injury.

TURKS DISCUSS FURTHER ADVANCES

Brusa, Turkey, Oct. 21—At an extraordinary council of Turkish generals today plans were discussed for a further advance upon Constantinople in event the proposed peace conference failed. The general headquarters of the Kemalist army now is in a palace formerly occupied by Ex-king Constantine.

EXECUTIVE BOARD OF WOMAN'S CLUB

Held Meeting at Peacock Inn Yesterday Afternoon — Address Open Letter to County Commissioners.

In an open letter addressed to the Board of County Commissioners, the executive board of the Morgan County Federation of Women's clubs, yesterday requested that no vote be asked for an additional tax for the tuberculosis sanatorium at the coming November election.

In making this request the letter points to the fact that the attorney general had ruled that support of the sanatorium is mandatory and to the further fact that the vote in 1916 was overwhelming in favor of the tax. It is further stated that the county budget provides for the necessities of the sanatorium.

The board in addition to transacting regular business heard remarks from Samuel Moore and B. L. Barber, candidates for representative; Charles S. Black and Oyter T. Wright, candidates for sheriff and G. A. Dunlap and William Cleary, candidates for county commissioner.

While the Executive Board does not intend to endorse any candidates it nevertheless expects to inquire into the character of the various candidates and their stand on important questions and thus be able to intelligently inform the women it represents as to the candidates most desirable regardless of party affiliations. In addition to the open letter to the Commissioners the board also adopted the following resolution:

Be It Resolved, That, We the members of the Executive Board of the Morgan County Federation of Woman's Clubs, do urge that all the club women of Morgan county use evrey means possible to inform themselves of the character and standing on important questions, of each candidate on the ballot at the coming November election, and we urge each club woman, go to the polls and vote on election day for men who will stand for law enforcement and the betterment of conditions in Morgan county.

The open letter to the Commissioners follows:

We, the members of the Executive Board of the Morgan County Federation of Clubs, representing more than two thousand citizens, wish to address this open letter to the County Commissioners. We thank you for your cordial support of Oak Lawn. We do not doubt the sincerity of the propsed proposition to ask an additional tax to carry on the work but, as the Attorney General of the State of Illinois has ruled that the support of the Sanatorium is mandatory because of the original overwhelming vote in 1916, and because those in authority assure us that the county budget provides for the necessities of the Santorium, and because we believe that a vote at this time would injure rather than help the stamping out of tuberculosis; we unanimously request that you ask no additional tax at this time.

ILLINOIS FIGHTS IOWA U. TO STANDSTILL

OUTPLAY CONQUERER OF YALE IN EVERY DEPARTMENT OF GAME

Illini Surprises the Iowa Team and Their Supporters by Putting Up Great Game Against Conference Champs—Blocked Kick Turns Tide and Loses Illinois Game

(By The Associated Press)

URBANA, Ill., Oct. 21.—Illinois fighting a desperate battle and playing their heavier Iowa opponents to a standstill, lost one of the hardest fought football battles ever staged on Illinois' field, 8 to 7.

A touchdown on an end run by Captain Gordon Locke scored for the Hawkeyes and when Shuttleworth was hurried in the place kick he failed to kick goal. Engledinger, Iowa tackle, broke thru the Illinois line and blocked Auger's kick, the ball rolling across the goal line, Auger falling on it to save a touchdown. Then Illinois started a series of passes to their touchdown, Dawson substituting for Coutchie, who had replaced Clark as pilot, generalling the successful air attack which paved the way to the score.

But for the blocked kick Illinois would have beaten the conquerors of Yale.

Illinois outplayed, outfought, and outguessed Iowa in the first, second and last quarters, but when Clark was removed with an injury in the third period the tide changed toward Iowa.

Rune Clark made some great plays, outpunted the great Minnik and sometimes got away with 55 yard spirals. Happeny, Illini right half until he was injured tore thru the Hawkeye defense for big gains. McIlwain was the most consistent Illinois player, his running and catching of passes in the final period featuring for Illinois and it was his brilliance which paved the way for the Illini score. He went thru the Iowa tackle for six yards for the touchdown.

The Illini team showed such great improvement in their play since the defeat by Butler that Illini rooters shrieked in amazement, at the onrushing Orange and Blue. But the more experienced and heavier opponents from Iowa held when the ball reached the 20 yard line on several occasions.

Lester Parkin the quarter who beat Yale with his speed around the ends was stopped in his tracks on several attempted end runs, but in the last period he got away with three successive runs for a total of 28 yards.

The game was the last home coming battle ever to be staged on Illinois Field the next game to be held in the Illinois Memorial Stadium.

Losing by one point is almost a victory for Illinois considering the experience and records of the two teams and the closeness of the battle is due chiefly to Illini's fight before a great crowd of 25,000 homecoming grads and the addition of Rune Clark, pilot, Happeny, half back and Woodward, fullback to the squad.

Breaks Are Even

Breaks of the game were equal Illinois getting the first one when Iowa fumbled in the first three minutes of play but lack of strategy on the part of Illinois which did not throw a pass put the ball in Iowa's hands, Minnick getting a long kick past the middle of the field.

Gordon Locke was stopped but the flying Kadesky at end could not be held down. Intercepting three passes and carrying the ball within distance for Locke to score on one of them he showed promise of being one of the craftiest wingmen in the west, Shuttleworth was used but little, so little that it reminded one of the days of Devine and Locke when the two carried the ball all of the time. Woodward at full until he was injured made great gains thru the Iowa line which opened with the drive of the Illini forward wall players.

Coach Zuppke was well pleased with his green outfit and after the game said that Illinois played real football, characteristic of the old time fight.

Howard Jones also was pleased, but he believed that Gordon Locke's poor showing was due to his having an off day.

The lineup and summary:

Illinois (7)	Pos.	Iowa (8)
	Left End	
Wilson (c)		Kadesky
	Left Tackle	
Augur		Thompson
	Left Guard	
McMillen		Minnick
	Center	
Greene		Heldt
	Right Guard

	Right Tackle	
Oakes		Eng ilinger
	Right End	
Rokusek		Hancock
	Quarter Back	
Clark		Parkin
	Right Half Back	
McIlwain		Miller
	Left Half Back	
Happeny		Shuttleworth
	Full Back	
Woodward		(c)Locke

Substitutes—Illinois Perrill, Miller, Wagner, Richards, Dawson, Coutchie, Royal and Hill. Iowa—Kritz.

Officials—Referee, Magidsohn, Michigan; Umpire W. D Knight, (Dartmouth), Field Judge, Major Wood, (West Point), Head linesman O. A. Kinez (Drake). Touchdowns Locke, McIlwain, goal from touchdown, Dawson.

JACKSONVILLE IS DEFEATED BY ALTON

Local High School Loses by 7 to 0 Score—Score Came as Result of Fumbled Punt

Jacksonville high lost to Alton high at Alton yesterday afternoon by a score of 7 to 0.

The game was hard fought and neither team was able to gain consistently during the game. Alton in particular was unable to penetrate the Jacksonville line which played an excellent game.

The only score of the game came thru a fumbled punt by Jacksonville, an Alton man falling on the ball behind the goal line. The try for point also was made.

Mitchell's backfield men did not have much punch yesterday. The game with Hannibal a week ago probably had something to do with this as they had no opposition in that game and were not up on their toes against Alton.

Massey played a good game at end for Jacksonville. John Karch, a member of Illinois' champion team of 1915, was the referee.

WABASH SCORED AT WILL AGAINST MILLIKIN

(By The Associated Press)

DECATUR, Ill., Oct. 21.—Wabash's Little Giants crushed Millikin here Saturday, winning 55 to 0. After his first team had run up a twenty to nothing score in the first ten minutes of play, Pete Vaughn, Wabash's coach, ran in his second string team, which played most of the game. Wabash failed to score in the second period; scored 21 points in the third period; and fourteen in the final period. With Millikin hopelessly beaten N. G. Wann, its coach, pulled his crippled first string men, and ran in seventeen substitutes.

YALE SWAMPED WILLIAMS 38 TO 0

(By The Associated Press)

New Haven, Conn., Oct. 21—Yale swamped Williams here this afternoon 38 to 0.

Led by their returned captain, Jordan, who scored two touchdowns before being replaced by Cochrane in the second period, the Blue showed improvement today.

ROODHOUSE WON FROM PLEASANT HILL

Roodhouse, Oct. 21—Roodhouse high school triumphed again this afternoon when the Pleasant Hill team was defeated by a score of 78 to 0. The visitors were outclassed and Coach Hills used second string men thru out. The work of Whitworth of Roodhouse was the outstanding feature of the game. Ator of the Pleasant Hill also played a great game for his team.

ILLINOIS SCHOOL FOR DEAF SWAMPS AUBURN HIGH 37-0

Auburn Puts Up Hard Fight But no Match for Local Warriors

Illinois School for the Deaf football team defeated the Auburn High school team on the I. S. D. field yesterday afternoon by a score of 37 to 0. The large score does not indicate that it was a walk away game, without a lot of punch and excitement. Both teams were compelled at all times to fight desperately in order to either gain or hold ground. The day was a trifle warm, making the players job a warm one but did not take any pep from the game in the least.

Both teams were in the best of condition and Auburn's goal line was crossed for the first time this season. The I. S. D. team had no doubt profited by the experience with the Military Academy at Alton last week. The game was started with a rush and continued so, thruout.

The I. S. D. team exhibited such a "tigerish" spirit that they have undoubtedly earned the name of the "Tigers." It was remarkable to see the irresistable back field, punch at the vital points of the line and then spring a surprise attack on another weak position of the Auburn wall. But despite these terrific on rushes of the "Tigers", the Auburn warriors withstood their ground gallantly, always fighting to the last man. Due praise must be given to the Auburn aggregation. They were not dangerous to the Tigers at any time, but never once let down on their persistant punching.

The touchdowns, which totaled six in all, were scattered thru the game, one touchdown coming in each of the first three quarters and three in the fourth. The for ward pass seemed to be the favorite play for the Tigers. Goal was kicked once in the form of a place kick, which accounted for the odd point.

The game tho hard fought was clean thruout.

In the first quarter Auburn received and kept the ball in its possession quite a while. The I. S. D. team got possession of the ball and walked steadily down the field, making several first downs, and Rose carried the ball over for the first touchdown. A place kick was attempted but failed. Score, I. S. D., 6; Auburn 0. The quarter ended shortly afterwards.

Auburn received in the second quarter. The ball exchanged hands several times and the I. S. D. intercepted a pass that gave them the ball—striking distance of the goal. A few plunges enabled them to go over for their second touchdown. Massinkolt carried the ball over. Another place kick failed. Auburn again received and the remainder of the half was spent in working the ball up and down the field.

Auburn again received at the third period and marched steadily toward the goal. The I. S. D. team came into possession of the ball on a punt and carried the ball for 80 yards on line plunges and short end runs. A pass from Rose to Mannen over the goal line netted the I. S. D. another touchdown. Goal was missed. The Tigers kicked and the rest of the quarter was spent with the ball in the center of the field.

The I. S. D. scoring machine began operations in earnest in the last period and continued this for the rest of the game. Touchdowns being made by Massinkolf, Mannen and Crabbe. The last goal being kicked. Crabbe who made the last touchdown starred thruout the game tearing great holes in the line whenever he carried the ball. The game ended with the ball in mid field and the score standing I. S. D. 37; Auburn High, 0.

The lineup was as follows:

I. D. S.	Position	Auburn
	Left End	
A. Taylor		Hart
	Left Tackle	
Montgard		Nuchols

MICHIGAN BEATS OHIO STATE IN GRUELLING GAME

Wolverines Overwhelm the Buckeyes in Their New Stadium 19 to 0

(By The Associated Press)

COLUMBUS, Ohio, Oct. 21.—The Michigan Wolverines tonight stood triumphant over the Ohio State Buckeye. While the greatest football crowd the middlewest has ever known looked on this afternoon Coach Yost's team defeated Ohio at all stages and won, 19 to 0.

The game marked the dedication of Ohio State's new stadium and the crowd, including 16,000 rabid Michigan supporters and and their 75 piece band overflowed the confines of the giant horse shoe 63,000 seats and spread out into temporary bleachers along the side lines and into every nook and cranny of the big structure from which a view could be obtained. More than 65,000 persons saw the contest it was estimated.

Michigan by winning today avenged three successive defeats at the hands of the Buckeyes. But the retribution came at a heavy cost. Roby, star Wolverine half back and Vandervoort, regular tackle, probably will be out of the game for the remainder of the season as a result of injuries. Roby it was announced has the ligaments in his knee torn and Vandervoort a broken arm. Captain Goebel also limped off the field with a sprained ankle.

The unsuccessful fight of a good team against a better one tells the story of the game. The Wolverines displayed a strong offensive system and effective defense, while the Buckeyes showed weaknesses of defense and little ability to carry into execution the open game which Coach Wilce has made famous. One attempted forward pass tried from well within Ohio territory gave Michigan a touchdown. Kipke intercepting it and dashing 45 yards over the goal line.

Michigan's scoring consisted of two touchdowns; both made by the elusive Kipke who proved the offensive star of the game and two goals from the field one from the toe of Kipke. An additional point was added when Goebel scored a point from touchdown with a place kick.

MICHIGAN AGGIES WHIP SOUTH DAKOTA

East Lansing, Mich., Oct. 21—Placing a practically reconstructed eleven into the field, Michigan Aggies defeated the heavy South Dakota football eleven 7 to 0 this afternoon.

The score came in the first few minutes of play Fullback Burris plowing thru the South Dakota right end following two fast forward passes. He also kicked goal.

CHICAGO WON LONG DRAWN OUT GAME

Coach Stagg Held His Regulars Back and Used Substitutes Defeating Purdue 12 to 0—Chicago Meets Princeton Next Saturday.

(By The Associated Press)

CHICAGO, Oct. 21—Starting with a team of substitutes with two exceptions Chicago defeated Purdue 12 to 0 before 20,000 persons today in the last game before the important intersectional contest with Princeton next Saturday. Coach Stagg held his stars on the side lines until the second half as he did not care to risk injuring them. He used nearly three complete teams in the long drawn out game, which lasted two hours and 45 minutes.

With the exception of the first few minutes of play Purdue was on the defensive and never seriously threatened Chicago's goal. Purdue started with a whirlwind attack and on the first four plays rushed the ball to Chicago's 20-yard line only to lose it on an intercepted pass. Then the Maroons settled down and took the offensive.

Chicago did all of its scoring in the first half. Law who starred at full back, carried the ball over in the first period for the only touchdown.

In the second Caruso booted a drop kick from the 25-yard line. Near the close of the half, Maddox, who relieved Wellman at full back for Purdue, was thrown for a safety when he fumbled a punt.

The lineup and summary.

WISCONSIN SWAMPED INDIANA 20 TO 0

By Associated Press.

MADISON, Oct. 12.—Wisconsin swamped Indiana by the score of 20 to 0 in the Badger's first conference game. They had the Hoosier's team continually outplayed during the second half when all of the scoring was done.

Captain Williams started Wisconsin's scoring in the second period when he took the ball on a trick play and ran 16 yards for a touchdown.

The second touchdown came on the first play of the four quarter when Tebel blocked Haney's attempted punt picked up the ball and raced over the goal line. A march down the field, plunging thru right tackle and skirting the ends, brought the ball near Indiana's goal for the second time time during the last period. Taft then went over the Badgers' final touchdown.

Tebel kicked two out of three goals from placement after the touchdown.

NAVY TOOK GEORGIA TECH BY SURPRISE

ANNAPOLIS, Oct 21—The Annapolis Midshipmen caught Georgia Tech completely by surprise today by defeating them at their own game, uncovering a fast offensive replete with a series of bewildering forward passes with which they had marked success. The final count was Navy 13; Tech 0.

The Middies scored a touchdown in each of the first two periods but the final periods developed into a battle royal.

HARVARD TAKES ODD GAME FROM CENTRE COLLEGE

Eastern Team Overwhelms Kentucky Boys in First Quarter

(By The Associated Press)

CAMBRIDGE, Mass., Oct. 21—Overwhelmed by a first period collection of 21 points, Centre College was deefated by Harvard this afternoon by a final score of 24 to 10, but the cold storage figures do not tell the courageous battle staged by the Southerners in the later periods of play—a battle which lifted the game from a drab defeat into a thrilling struggle that clamped 50,000 spectators to their seats until the closing second of the contest.

For more than two hours lapsed time considered the two elevens battled in a furious mixture of bad and brilliant football and it was in part careless handling of the ball in crucial situations that brought about the downfall of the Danville, Ky., combination. Three times in the first period of 15 minutes actual play Harvard crossed Centre's goal line, due in part to the Colonel's inability to hold the ball and to the Crimson's almost uncanny sense of sphere following, plus superjudgment as to when and how to strike for scores.

The team which a year ago defeated Harvard six to nothing saw the Crimson score within two minutes after the opening kickoff almost a gift touchdown at the very beginning of play.

Yet Centre came back and not only outplayed the Cambridge machine in the final periods of the game, but scored a touchdown in addition to an earlier field goal

Breaks Helped Scores

A comparison of the first touch down scored by each eleven gives an indication of the contrast and the breaks. Harvard opened the contest by kicking the ball across the southerners' line and Centre began a scrimmage on her own 20 yard line. On the second play Snowday, in an effort to circle Harvard's right wing ran wide across the field. A Crimson tackler partly checked his dash and the collision caused him to drop the ball, following the inflated leather like hounds keen on a hot scent came the Cambridge players ever alert to seize upon the slightest slip of their opponents. Fitts was on the roll ing sphere like a flash as it crossed the side line five yards from Centre's goal. Owens went over on the first lineup for a touchdown on a well conceived line plunge.

Late in the third period the Southerners started on their march to a touchdown which was almost immediately after the opening of the final quarter. Harvard had been held inside its 40 yard line and was forced to punt. The ball sailed into Quarterback Covington's arms and he twisted his way from his own 25 yard mark to Harvard's 34 yard line—a run of close to half the distance of the field. Captain "Red" Roberts threw his huge bulk in the Crimson forwards Covington circled the ends and halfback Tanner slipped thru openings made in the Cambridge forwards until finally the ball reposed upon Harvard's one yard mark as the third period closed. Covington finally went over on the fourth try for a touchdown, made at the end of as consistent an attack as has been seen on an eastern football field this season.

BRADLEY POLY BEAT ILLINOIS COLLEGE IN BITTER CONTEST

Visitors Scored Touchdown in First Quarter on a Forward Pass Which Was the Lone Score of Game—Illinois Team Played Wonderful Defensive Game Throughout

Playing a strictly defensive game except in the last quarter, Illinois College lost to Bradley Poly of Peoria yesterday afternoon by a score of 6 to 0.

The lone score of the game came in the first quarter when Correll, right half back of the Bradley team, received a forward pass on the five yard line and carried over for a touchdown. Illinois blocked the place kick for the try for point.

No two teams ever lined up on Illinois field that were more evenly matched than Illinois and Bradley proved to be. The visitors had a strong offensive team and were successful in negotiating end runs. Bradley gained more ground than Illinois, but this largely was due to the fact that Illinois made no attempt to carry the ball in the first half, kicking on the first down each time.

Babcock, who did the booting for Bradley, had the better of Jack Roberts in the exchange of punts. He also had the faculty of placing them and this kept the ball in Illinois territory most of the time.

NORTHWESTERN GAVE GOPHERS HARD GAME

Sensational 105 Yard Run by Chuck Palmer Enabled His Team to Tie Minnesota in a Great Battle Which Upset the Dope Bucket.

(By The Associated Press)

EVANSTON, Ill., Oct. 21.—A sensational 105 yard run by Chuck Palmer, Northwestern's right half back, upset the dope bucket badly today and the Purple held Minnesota to a tie 7 to 7, ruining what at first looked like an easy game for the Gophers.

Palmer's feat was all the more sensational because it climaxed a series of pile driving line bucks and beautiful forward passes which had taken the ball to Northwestern's two yard line. It was fourth down and Mitchell, Minnesota fullback burst thru the line and was on the point of downing the ball when it slipped from his hands and rolled to Palmer.

Palmer dashed wide around his own right end and the Northwestern team rushed in behind for interference. Every man but Martineau was boxed out of the play before Palmer had reached the center of the field. Martineau made a great effort but Palmer turned and stiff armed him just as the two crossed Northwestern's 5 yard line.

Minnesota's score came in the first quarter when the Gophers recovered a punt of their opponents 35 yard line. A line buck failed by a 34 yard pass, Martineau to Eklund worked smoothly and Eklund stepped across the line for a touchdown and a moment later dropped kicked the point after touchdown.

NOTRE DAME DEFEATS DE PAUW

(By The Associated Press)

SOUTH BEND, Ind., Oct. 21.—The Notre Dame victory over DePauw 34 to 7, today, achieved after the Tigers had held a second strong Notre Dame backfield in the first quarter was featured by the brilliant running of Jimmy Crowley, who broke loose with frequent dashes that included stabs of 65 and 35 yards for touchdowns. Cerney, who worked at fullback because of the injury to Castner(returned the opening kickoff of the second half 95 yards for a touchdown. Fitzpatrick, DePauw quarterback crossed the Notre Dame goal line for the first time this year after a 65 yard end run.

PRINCETON FINDS MARYLAND EASY

Princeton, Oct. 21—Princeton found Maryland easy this afternoon winning 26 to 0. The Tigers showed decided improvement over their performance of last week against Colgate and out played the visitors in every department.

SETS RECORD OF 206 POINTS IN GAME

Bristol, Va-Tenn., Oct. 21—A high mark for football scoring was registered today when King College defeated Lenoir 206 to 0. Spectators said the score might have been even higher but the King College backs became exhausted from sprinting.

The bright spot in the ga was the work of the Illinois li Harmon has a wonderful line year and Bradley was unable make much headway against Gunn W. Roberts, Ribelin Gard all played a wonderful ga and time and again stopped visitors in their tracks. Most the Bradley gains were around Mellon's end, he seem to be unable to solve the att and get his man.

In the back field Rogers, V and J. Roberts did good work carrying the ball and also pla well on defense. Neither te was able to make much head with forward passes tho sev went thru for both teams. majority of them were either completed or intercepted by opposing team.

Illinois had two opportuni to score. In the third qua Illinois dropped a pass that w have resulted in a touchdown the fourth quarter Illinois the offensive and the back looked like the real goods.

Illinois kicked at the begin of the quarter. Bradley f bled the ball and Illinois reco ed. Illinois then plunged thru Bradley team for two first dos With the ball on the 17-yard Bradley made a desperate st and the ball went over. Th after the visitors played it

Bradley toward the close of game got the ball inside five line. The blue and white made one of its famous stone stands and took the ball downs. Plattner who had gon for Jack Roberts kicked ou danger. The final whistle so ed just after the kick. The up:

THE SALVATION ARMY IN THE WORLD WAR

This Illustrates What It Did Near the Front Line Trenches In France—Carried Cheer to Thousands of Doughboys.

"How do they get that way?" The question asked by a sweating, mud-covered doughboy of his companion as he was gulping down the hot coffee and taking huge bites of the doughnut handed him by a Salvation rmy Lassie near the front line trenches in the last day of the War, has become almost a national one. And the answer the other doughboy gave, has been generally accepted. He said, "It's just like Mother's, God makes 'em."

He does, but it is up to them to make the sacrifice. Drawn from every walk of life the Salvation Army officer leads a life of sacrifice because he has chosen to and spends a life of service because he is trained to.

A great many stories can be told of the personnel from which Salvation Army officers are made: ex-bartenders, ex-pugilists, reformed gamblers, preachers, business men and so on, but after all the personnel is not sufficient. The training has a lot to do with it.

The Training College serving this State is located in Chicago and was selected by the advisory board of Chicago. It is known as the General Booth Memorial College. Here young candidates are taken and trained to serve. In addition to the academic side and the study of the Bible which is exhaustive each student has his musical bump still further devloped and is taught the rules and regulations of the Army. The practical courses include cooking, washing, sewing, nursing, first aid and business economy. Every officer when he leaves the home knows not only how to care for the well, but the sick, not only how to furnish the proper groceries for the poor but how to cook them for them, not only how to tell people to clean up, but how to clean them up. Indeed a graduate knows what to do when it is needed. He can handle anything from an individual drunk to a county wide cyclone relief.

The three elements most impresed on an officer's mind are sacrifice, obedience and work. Unless a candidate for officership is willing to learn these three basic principles of Salvation Army life he never becoms an officer. But if he does, he is sent to the Training College.

The fact that the Salvation Army Officer sacrifices and lives on a physical plane with the people, whom he is trying to help, makes him popular and the fact that he is pouring himself out for others makes him successful.

An ex-service men's "Anti Bonus League" has been formed in New York City to combat propaganda and any renewal of a fight for a bonus for former service men. The membership of the league is confined entirely to men who served in the enlisted forces.

More than 700 men are enrolled in the Vocational Training School for Disabled Veterans of the World War, at the College of the City of New York. The veterans study carpentry and cabinetmaking, commercial art, mechanical dentistry, English mathematics and many other subjects.

Prince Humbert, 18 years of age, heir to the throne of Italy was recently promoted from corporal in the infantry to second lieutenant. The King signed a decree making his son an officer as soon as he had spent several months at strenuous drill as a common soldier at the barracks near Rome.

The first American Legion was organized shortly after the Revolutionary War. It was the official designation of the regular army of the United States and the regiments were known as sub-legions. The organization was based upon the Roman military scheme, but was found impractical and was discarded.

As the result of the recent movement of troops into permanent posts, the War Department is preparing to eliminate 58 army stations in the United States. Most of the stations to be given up are cantonments, flying fields and depots, where the temporary buildings have deteriorated in many cases, so that upkeep is prohibitive.

Robert B. MacGregor, 48 years of age, of Seattle, Wash., is a veteran of seven wars. He served in the World War with the Canadian army, fought in the Philippines during the Spanish-American war, in China during the Boxer rebellion, in South Africa during the Natal rebellion, the Matabele uprising and the Jamieson raid. MacGregor was decorated with 12 medals.

The word "doughboy," a slang military term applied to a soldier in the United States army, dates from the Civil War, when the large globular brass buttons were used on infantry uniforms. These buttons were called "doughboys" because they were a remainder of boiled dumplings of raised dough that are so frequently served to ships' messes, and are known to all sailors as "doughboys."

HENRY FORD WINS RACE FROM BLUE NOSE

(By The Associated Press)

GLOUCESTER, Mass., Oct. 21.—The fishing schooner, Henry Ford, challenging in behalf of the American Fishing Fleets, with Secretary of the Navy Denby aboard beat the Blue Nose of Canadia International champion by two miles today in a 40 mile race.

Because both the fishermen out for sport refused to re after a premature start the international sailing committee declared it no contest.

As a result Captain Clayton Morrissey of the Henry Ford and his crew tonight declared their intention of putting dories aboard and going back to the banks to fish quitting the races. Captain Angus Walters of the Blue ... was outspoken in private and to crowds in his assertion that it was "fair race and for the Henry Ford a fair victory."

NEBRASKA SMOTHERS MISSOURI UNIVERSITY

(By The Associated Press)

LINCOLN, Neb., Oct. 21.—Before a record breaking crowd this afternoon the Nebraska Cornhuskers in their first game of the Missouri Valley conference series humbled the Missouri university Tigers 48 to 0.

The game was featured by brilliant forward passes Hartley to Dewitz and Hartley to Schoeppel in the first quarter long run of 39 yards for touchdown by Lewellyn in the second quarter and line plunges for good gains generally by Captain Hartley of the Cornhuskers.

BULL FIGHTERS LOOK FOR GOOD SEASON

Mexico City,—Bullfighting in Mexico City during the coming season is going to be on a bigger and better scale than ever. According to the impresarios who are to handle the arena events.

The pick of world matadors, including the best in Spain, is to come to Mexico. Rodolfo Gaona, idol of his countrymen here, is the recognized "ace" of the fighters, and with him will be associated Ignacio Sanchez Mejias, Juan Belmonte, Luis Freg, Juan Silveti, and other stars.

Thruout the past summer there has been much newspaper agitation against the high salaries paid the fighters, which as resulted in almost exorbitant prices being demanded for tickets. As a result the metadors will receive slightly less this fall and winter, but even so Gaona will collect some 12,000 pesos every afternoon he appears in the ring, with the privilege of a benefit performance which is always good for an additional 100,000 pesos. The season opens Oct 15.

A FOOD FOR THE HIGH AND LOWLY

It seems rather strange, but it is nevertheless true, that milk which is intended by nature to serve as a food for the most highly organized animal forms of life, man included, should also be so well adapted for the growth of those vegetable organisms that stand on practically the lowest plane of existence.

The reason for it is, however, not far to seek, its highly nutritious nature the solubility of its food elements and their state of concentration all tend to make milk well suited to germ growth if such forms of life once find their way into the same.

Sure way to get right weight

Increase Your Red-Blood-Cells. That's the Sure Way! S. S. S. Builds Blood Cells; This Means Strength!

Do you know why insurance companies refuse to insure a great many men because they are under weight? Simply because to be under weight often proves low fighting-power in the body. It often means you are minus nerve-power, minus red cells in your blood, minus health, minus energy, minus vitality. It is serious to be minus, but the moment you increase the number of your red-blood-cells you begin to become plus. That's why S. S. S. since 1826 has meant to thousands of underweight men and women, a plus in their strength. Hollow cheeks fill out. You are being a calamity-looker. You inspire confidence. Your body tills to the point of power, your flesh becomes firmer, the age lines that come from thinness disappear. You look younger, brighter, happier, and you feel it, too, all over your body. More red-blood cells! S. S. S. will build them. Ladies and gentlemen, a peaky, bony face doesn't make you look very interesting or pretty, does it? Take S. S. S. It contains only pure vegetable medicinal ingredients. S. S. S. is sold at all drug stores in two sizes. The larger size Bottle is the more economical.

GRAND LODGE REPORT FOR I. O. O. F. BODIES

Representatives Will Make Statements at Meetings This Week.

Local Odd Fellows at their next meeting will hear reports of the action taken by the Grand Lodge of Illinois at its recent session. Judge William E. Thomson represented Urania Lodge No. 243, and J. Marshall Miller represented Illini Lodge No. 4.

Both representatives will attend Urania Lodge Monday evening and endeavor to give the members of the lodge a complete report. Likewise on Tuesday evening both representatives will attend Illini Lodge and report to the members there.

The session of the Grand Lodge was held at Springfield this past week and was noted for its large attendance and its harmonious sessions. However, there was lots of pep and vim about it, and enough of differences of opinion both above and beneath the surface to make it a very interesting session.

Mr. Miller had the honor to be nominated for the position of Grand Warden by Past Grand Master A. Otis Arnold of Quincy. This position is a stepping stone to the office of Grand Master, and the election of a Grand Warden is usualy a hard fought contest. There were five candidates in the field and, considering the small amount of publicity given Mr. Miller's candidacy, he made a very credible showing.

Morgan County Odd Fellows are feeling jubilant to know that they have been honored by having a Grand Lodge officer among their membership, Judge Thomsan having been appointed Grand Guardian, by the incoming Grand Master, J. D. Phillips.

All Odd Fellows are urged to attend the coming meeting of the local lodges in order to hear the report of the representatives.

EVIDENCE HEARD IN INDUSTRIAL CASE HERE

Illinois Industrial Board Representative Hears Evidence In Claim of Estate of James Esmond For Damages Alleged to Have Resulted in His Death.

A. J. Smith of the Illinois Industrial board was here Saturday to hear the evidence in the claim of the estate of James Esmond against the Ideal Bakery Co. The estate is seeking damages for the death of Mr. Esmond, which it is alleged resulted from injuries received while at work at the bakery plant.

W. T. Wilson is the attorney for the Employers Liability Assurance Corporation, with which company the local firm carried liability insurance. J. O. Priest appeared as attorney for the estate.

At the hearing Saturday witnesses were heard, their testimony going to prove that Esmond received such injuries by being struck by a heavy weight while at work at the plant that his death followed within a few days.

All the evidence presented at the hearing held here Saturday will be taken to Springfield for consideration by the board and it may be a matter of several months before a decision is reached in the case.

Jacksonville Chapter No. 3, R. A. M. will hold a special convocation Monday evening at five o'clock. WORK. Visiting Companions welcome.

TO OFFER FANNING LANDS AT PUBLIC SALE

Valuable Farm Lands and Town Property to Be Sold November 25th.

In another column of this paper, J. Weir Elliott, as Executor of the will of John W. Fanning, deceased, is advertising for sale the valuable farm and town property belonging to the estate of John W. Fanning, deceased.

The farm comprises 160 acres, more or less, and is situated about three and a half miles east of Murrayville, Ill. With the exception of about twenty acres, the entire farm is what would be called a "grain farm." The twenty acres excepted is that part of the farm on which the house, barn and other improvements are located. Mr. Warren Fanning, son of John W. Fanning, deceased has been on the farm for several years and the farm will be sold subject to a desirable lease to Mr. Fanning for the year 1923. Mr. Fanning will be very pleased to show any prospective purchaseh over the farm and to explain to him the terms of the lease under which he will operate during the year 1923. Whoever purchases the farm should find it to be a first-class investment.

The Executor will also offer for sale at the same time two houses located in Murrayville, Ill.

One, the home of the late John W. Fanning, has six rooms, well, cistern, concrete basement, good hot-air furnace and is in first-class condition.

The other house is pleasantly located, has good cistern, well, wash house, barn and other outbuildings and is at present leased by the Fanning Estate to George R. Jones.

Possession of both houses to be given to the purchaser December 1, 1922.

OFFICER SWEENEY ON SICK LIST

AUTO AND STREET CAR IN BIG CRASH

Dr. A. M. King's Automobile and Street Car in Violent Collision On West State Street—Street Car Pushed From Track.

Dr. Allen M. King while driving his car into State street from his home came into violent collision with an east bound street car about 5 o'clock Saturday evening. As a result of the collision the street car was pushed off the track and turned into the approach to Diamond Court.

There were twenty-nine passengers on the car, many of them women, and naturally they were greatly frightened by the accident. Very fortunately there were no serious injuries.

One of the rear wheels of Dr. King's car was smashed into splinters as was true of the front wheel on the opposite side. The auto was badly used up in other ways as well.

The street car as the heavier of the two bodies in collision was not as badly damaged, altho loosened from the forward trucks. A number of glass windows were shattered and some parts of the car were bent.

After the car left the track Motorman Carroll was practically without control as the emergency brake could not be applied effectively. However, he succeeded in turning toward Diamond Court as the car rolled from the track along the pavement and nosed up into Diamond Court, lurching from side to side, the passengers were in a near panic. Some of them climbed from the car thru the windows and the others pushed forward toward the platform in their effort to escape possible injury.

The escape of Dr. King himself from injury was really marvelous.

CHICKEN HOUSE DESTROYED BY FIRE

The fire department was called to the home of Phillip Schultz, Jr., 960 East College avenue, about ten o'clock Saturday night. On arrival it was found that the hen house was burning. Mr. Schultz had cleaned the house during the day and stored some tools in it, all of which were destroyed together with the house. The origin of the fire could not be ascertained.

SOCIAL DOMESTIC SERVICE CLUB MET

Mrs. Jane Carter entertained the members of the Social Domestic Science club at her home on Superior avenue Friday afternoon and the afternoon was thoroly enjoyed by all present. There were nineteen members present also several visitors. The out of town visitors were Miss Cordelia L. Anderson of St. Louis, Mo; Mrs. O. H. Davis, Jefferson City, Mo., and Mrs. Alice Jackson, Venice, Ill. After the regular business was transacted the officers were installed by the past president. Mrs. Hester Brown, $6 was voted out for charity. A very interesting journal was read by Mrs. Clotella Taylor. Delicious refreshments were served by the hostess who was assisted by Mrs. Katie Rhoades, Mrs. Lena Mitchell and Mrs. Pauline Moore. They were assisted by Miss Reon Hamilton and Miss Grace Moore. The club adjourned to meet with Mrs. M. B. Davis the 3rd Friday in November.

MURRAYVILLE BAZAR AND SUPPER A SUCCESS

The Busy Bees of the Murrayville Baptist church held a bazar and burgoo soup supper Saturday evening in the basketball hall. A great many were in attendance during the afternoon and evening and the affair proved a gratifying success. All the eatables were sold and the various bazar articles were in demand. Some papering and painting is being done on the interior of the church and the proceeds of Saturday's affair will be used to help pay for the improvements.

LOCAL MAN BACK FROM LEGION CONVENTION

Harry Herring has returned from the American Legion convention held at New Orleans, and reports that the meeting was one of the most enthusiastic he has ever attended. Everything possible was done by the southern city for the entertainment of the delegates and during every minute of the whole time there was something of interest for the visitors.

The convention sessions were held in the Fruit Growers Exchange building. This building will accomodate 10,000 persons and was filled for most of the sessions. Many issues came up for consideration during the convention, some of them bringing a stormy discussion before action could be agreed upon.

The visitors were taken on various pilgrimages to nearby points of historic interest, trips being made by both land and water. An abandoned transport in the harbor at New Orleans was one of the chief points of interest for the visitors.

MEMBERSHIP MEETING PLANNED BY C. OF C.

Henry I. Green of Urbana to Discuss Proposed State Constitution at Meeting of Chamber of Commerce Tuesday Evening.

A membership meeting of the Chamber of Commerce has been announced for Tuesday evening, Oct. 24, at the Chamber of Commerce rooms. The speaker will be Henry I. Green of Urbana, who will discuss the proposed constitution of the state of Illinois. The meeting has been called for 7:30 o'clock in order that the speaker may leave on the 9:15 train for Springfield.

The attendance committee on this meeting has been selected and includes seventy men. Each one of these has been given from five to ten names of members to interview, with the purpose of having them attend the meeting on Tuesday night.

The plans for the meeting are going forward rapidly as to entertainment and refreshments, and there will also be a smoker. Everything points to a very successful event.

It has been suggested that the executive committee remind people of the forum meeting by having the following sign on cars the day of the membership meeting: Chamber of Commerce meeting tonight. The succes of a greater Jacksonville depends on your presence."

C. AND A. ANNOUNCES LAST SUNDAY RATES

The Chicago and Alton Railroad will operate its last Sunday Excursions on November 5. During the summer Sunday Excursion Fares were in effect from Bloomington, Dwight and intermediate stations to Chicago; Springfield, Alton, and intermediate stations to St. Louis, Jacksonville, Godfrey, and intermediate points to St. Louis, and Slater, Blue Springs and intermediate stations to Kansas City.

The attractions at Chicago, Kansas City, and St. Louis during the winter months do not create the volume of traffic that they do during the summer months, therefore the Sunday Excursions will be cancelled for the winter, the last one being run on Sunday, November 5.

TARIFF REPRISALS BEING CONSIDERED BY CUBA AGAINST U.S.

Enactment of the Fordney Tafiff Has Served to Unite Divided Sentiment Thruout the Country—New Commercial Pact With Increased Preferential is Now Being Sought

(By The Associated Press)

HAVANA, Cuba.—Enactment of the Fordney tariff, with its increased duties on Cuban products, has served to unite the inchoate and divided sentiment in Cuban financial and commercial circles for a revision of the Cuban-American reciprocity treaty.

Thru Secretary of State de Cespedes, the enormously capitalized sugar and tobacco interests are presenting their case. Denouncement of the present treaty, signed in 1903 and granting Cuba a 20 per cent preferential, and the conclusion of a new commercial pact, with an increased preferential, is asked.

Since assuming last July his dual role of secretary of state and minister to the United States, Dr. de Cespedes has made rapid progress in his work of laying the ground work for treaty revision. Data has been compiled showing how the present reciprocal arrangement, under which American exporters virtually have a monopoly in the Cuban market, is claimed to confer more benefits on the United States than on Cuba.

Coincidentally with his statistical endeavors, the secretary is conferring with Major General E. H. Crowder, personal representative of President Harding, the members of the cabinet, congressional leaders, officials of the principal commercial and industrial organizations of the island, and is in frequent communication with the Washington state department.

With the 1.76 Fordney sugar duty finally fixed, the campaign of the Cuban sugar interests for more favorable treatment has been turned from publicity to diplomatic channels. Thru local manifestations, newspapers, committees of defense and other unofficial means both in Cuba and the United States, the can forces did their utmost to secure a reduction in the emergency tariff rate. Their efforts now are being directed to document adequately the state department in its treaty revisions negotiations.

The Cuban tobacco interests, less aggressive and more deliberate in their campaign, have finally joined forces with the sugar men and Cuban diplomacy. In a long exposition of the decline of the Cuban tobacco industry, the Union of Cigar and Cigarette Manufacturers of the Island of Cuba has just presented formally its case to the State department.

While admitting that every nation has taken care to hit tobacco imports with heavy imports as an article of luxury, the cigar makers take particular exception to the American duties because of the alleged insufficient preference given Cuba in view of the virtual monopoly enjoyed by American exporters in supplying Cuba's imports. The decline in exports to the United States from 101,689,560 cigars in 1889 to 20,967,656 in 1921 is outlined and the claim made that, even if a revision of the reciprocity treaty, as the tobacco men request, increases the preferential rate from 20 to 50 per cent, and brings Cuban cigar imports back to the 1889 figures this would be only a drop in the bucket compared to the present annual manufacture of 8,000,000,000 cigars yearly in the United States.

WANDERLUST AGAIN HITTING GERMANS

Nearly Twelve Thousand Have Sailed from German and Dutch Ports During First Half of the Year.

HAMBURG.—"Wanderlust" is again stirring noticeably in the German breast. During the first half of 1922 there was an increase of 48 per cent over the same period last year in the number of nationals setting out for new residences in foreign lands. But when they have gone the records disclose in part only.

Germans to the number of 11,287 sailed from German and Dutch ports during this period on bookings other than first or second class. The outward trek in the first semester of 1921 totalled 7,592. During the second half of last year there was an exodus of 15,662. Of this year's emigrants nearly 5,000 were women.

Hamburg continues the most favored point of exit, with Bremen second. Of 140 who sailed from Amsterdam up to July, 93 were bound for South America and 47 for New Orleans, Mexico, and Cuba. Last year the first six months saw 2,785 bid the continent good bye from this port, the usual decrease being regarded as indicative of the lessening need for using Dutch harbors following the growing revival of German shipping. Most of the emigrants chose April, May, and June to start on their travels.

Prussia led the individual contributing sources with a total of 5,666, of whom 96 were from Hanover, 913 from Berlin, 832 from the Rineland, and 112 from Upper Silesia. The next heaviest loser among the states and provinces was Bavaria, whence 1,625 went abroad.

OIL PROSPECTORS GO TO ARGENTINA

BUENOS AIRES, —(By the A. P.)—The oil possibilities of Argentina have already attracted Standard Oil, Anglo-Persian, and the Royal-Dutch groups, and now smaller investors are beginning to appear in the field. The latest arrivals are the Chileans, and three prospecting corporations have been floated in that country with the object of exploiting lands in the Comodoro Rivadavia and Neuquen territories or Argentina.

Since the Standard Oil company of New Jersey purchased the properties of the Compania de Petroleo de Challaco for 2,600,000 (Argentine paper), Standard Oil of California has taken over extensive prospecting rights on the other side of the Neuquen field and near the Standard of New Jersey's concessions, which border teh River Covunco. A new corporation, the Andes Petroleum Corporation, which will work with Argentine capital, has just offered stock to the public and intends, if the flotation is a success, to prospect in the Covunco district also.

The West India Oil Company is completing a large refinery at the Port of Bahia Blanca, thru which practically all the oil produced in Argentina must pass on its way to market, and proposes to construct a similar plant in Uruguay, probably at Montevideo. A number of geologists are at work in the last named republic and it is believed that that country, too, has great possibilities as an oil producer of the future.

WILL RECOMMEND SHORT TIME LOAN

Bloomington, Ill. — Receivers Bierd and Wheelock of the Chicago and Alton railroad have announced they will recommend to the U. S. district court that a short time loan of $2,000,000 be negotiated in order to handle the large business in sight, to meet pressing liens and rehabilitation needs.

BANK STOCKS

Babson Sees Branch Banks

WELLESLEY HILLS, Mass., Oct. 21.—There has been much discussion regarding branch banks at the annual convention of the American Bankers Association which was held last week in New York. Owing to the controversy which this discussing has developed, Roger W. Babson was today interviewed regarding the probable outcome.

"Of course the discussion is the natural outgrowth of the establishment of the Federal Reserve Banks. Before the days of the Federal Reserve System," says Mr. Babson, "a branch bank organization practically existed, altho it was an unconscious and invisible organization. For instance, the small bank in Indiana took orders from its correspondent bank in Indianapolis; and the Indianapolis bank took its orders from a still bigger bank in New York. The head of a few of the New York banks would hold a conference at the home of the late J. Pierpont Morgan or at the home of Mr. Baker of the First National Bank and decide upon a policy. This policy they would pass along to the large banks of Boston, Chicago, Philadelphia, Indianapolis, St. Louis, New Orleans, and other large cities. The banks in the large cities would in turn pass the same policy on to the small banks in their districts. There were no contracts or stock control existing between the banks, but there was an invisible control which was very powerful. With the organization of the Federal Reserve Banks, the clearance of checks at par, and the legislation against interlocking directorates, this control was given a tremendous jolt. No longer is it much of an object for a country bank to keep a deposit with the large city bank. Thus there has been a gradual drifting away on the part of the country banks from the city banks. The large cities have become more independent of New York; and the country banks have become more independent of the large cities. As long as the money rates were high, this did not worry the city banks, but during the past year, when money rates have been declining, the large city banks have distinctly felt the loss of their former power. Hence they are looking around for some plan to get their country following back again.

"There is no hope of breaking up the Federal Reserve system as it is functioning very satisfactorily. The men connected with the Federal Reserve Banks are active and ambitious. They are issuing reports and other publications which appeal greatly to the country banks. The larger city banks are distinctly worried about this and are looking for some other means for recouping their prestige. They first turned their atention to Foreign Trade organizations. 'Foreign Trade' was the key note at the American Bankers Convention two years ago. The foreign trade busines, however, has not planned out as well as the banks had hoped it would, and our recent tariff has given almost a death blow to what little new foreign trade we had. Thus, the banks' hopes in this regard are not very sanguine at the moment. Another attempt has shown itself in the organization of separate 'Investments' companies and separate 'Acceptance' companies. These have been organized by many of the larger banks and most of them are operating successfully. Banks are finding these Investment companies more profitable at the moment than their foreign trade adventure

The banks are gradually coming to the opinion, however, that they can recover their influence with the country districts only with organization of branch banks Hence, there is a drive at present to have the National Bank Laws amended so that a city bank can own a system of branch banks in the surrounding cities and towns Whether or not this is in line with Democracy, is a very debatable question; but the drive is on and by guess is that such branch banks are as inevitable as the chain store

"All the banking systems of Europe are developed on the 'branch bank' idea The big banks of England, France, and Germany have their branches in hundreds of cities and towns One of the finest branch systems in the world exists in Canada just over the United States line. In Montreal there are several big banks, and each of these have from one hundred to three hundred branches in different Canadian cities and towns. As already stated, I doubt seriously whether the branch bank system is as good for the country as the present system. On the other hand, we know that the present tendency of eliminaing the small farmer and substituting the renter in place of the owner is not for the good of the country. The development of chain store systems which are slowly crowning out the individual retailer is not good for the country.

"One Christmas Mr. Henry Ford sent me an autographed photograph on which he wrote these words: 'Eliminate absentee ownership and industrial problems will solve themselves.' He is correct in that absentee ownership is a present difficulty with our industrial organization. As the chain store grows, a similar difficulty will develop which we do not now have with our individual retail system and as a system of branch banks grows, there will be the same difficulty with our these changes are inevitable. Branch banks will be established thruout the country, and Congress will enact such legislation as is needed to make this possible."

"Mr. Babson was then asked what the effect of this would be on bank stocks and he replied that it should be a benefit to bank stocks. There are enough banks in the country districts at the present time. Hence, the city banks will be wise enough not to start new ones to serve as their branches. Instead the city banks will buy control of the better country banks. This will develop a new and active market for country bank stocks Small banks in growing communities will be in special demand Their stocks will surely sell higher At the present time most bank stocks sell on 'book value' without any consideration of the value of 'good will.' As soon as city banks bid against one another for the country banks' the 'good will' feature will at once be of value. With banks of small capital stock this will at once become a valuable asset. Banks which have a small capital stock and banks, which have a virtual monopoly of the banking interests in a community, will be in special demand. A community which has four banks will have these four banks purchased by four big city banks so that each of the four big city banks will have a branch in the smaller city. When, however, there is only one bank in the community the four big city banks will compete and bid against one another for the stock of this one bank. The stock of many of these small banks, which today can be bought around par, may later be purchased by some city bank at $200 to $250 a share. All the country banks need to do to bring about these conditions is to buy good securities, avoid risks, and to keep themselves in a strong position. The city banks will be willing to pay a good price for good will and will not especially care about immediate earning capacity; but they will want to be sure that the assets are sound and that the bank has not many lame ducks."

General business as reflected in the Babson Chart continues to improve. Its present position—but 3 per cent below normal. The highest point in two years.

NEWS FOR EX-SERVICE MEN

The American Red Cross publication contains the following items of interest to ex-service men:

The bureau of navigation has sent out recently the following notice to officers of the navy and marine corps: "The army appropriation during the past two years has carried a limited sum of money to pay for two-third of the transportation of soldiers, sailors and marine furloughed from hospitals. The bureau has just been advised that this item has been omitted from the army appropriation bill for the coming fiscal year. Beginning July1, therefore the practice of furnishing transportation at one cent per mile to men furloughed from hospitals will be discontinued. Such men in the future will have to pay the entire cost of their transportation when furloughed the same as all other furloughed men."

In view of this, the statement made in paragraph 234 of A. R. C. 207 under the heading "Special Railroad fare for disabled men on furlough," is no longer in effect.

By an act (Public No. 188) approved April 7, 1922, congress has amended the act of March 1, 1921, relative to final proof of homestead entries by settlers or entrymen who served in the war with Germany. The amendment reads as follows:

"That any bona fide settler, applicant, or entrymen unded the homestead laws of the United States, or any desert land entryman whose entry is subject to the provisions of the act of June 17, 1902, (Thirty-second statutes, page 388), who, after settlement, application, or entry, and prior to November 11, 1918, enlisted or was actually engaged in the United States army, navy or marine corps during the war with Germany, who has been honorably discharged and because of physical incapacities due to the service is unable to return to the land may make final proof, without further residence, improvement, cultivation or reclamation at such time and place as may be authorized by the secretary of the intehior, and receive patent to the land by him so entered or settled upon, subject to the provisions of the act or acts under which such settlement or entry was: Provided, That no such patent shall issue prior to the conformation of the entry to a single farm unit as required by the act of August 13, 1914, (Thirty-eighth statutes, page 686)."

UNDERWRITERS TAKE OVER U. S. OFFICES

They are to occupy the entire ground floor with an office which will have charge of the Southern Illinois business of the company.

DEVELOPMENT OF CITY INDUSTRIALLY

Chamber of Commerce Believes it Should be Developed in Proportion to its Other Institutions.

There is a growing sentiment among members of the Chamber of Commerce that the City of Jacksonville should be developed industrially in equal proportion to the development of its institutions. In thinking of industrial development it is not the importation of a foreign element, but rather the keeping of the younger generation in Jacksonville.

At the present time as soon as a young person finishes school or college and is ready for work, he must go to the larger cities for employment. It has been suggested by a great many of the 550 members of the Chamber of Commerce that a program of real industrial development to be worked out over a period of ten years. If it were possible to develop the industrial side of the city equal to the development of the institutions it would mean an increase in population of over 10,000 people.

The institutions of Jacksonville would furnish a great leverage for bringing workers into this city. If there were positions open in Jacksonville the parents with children in the deaf school and the blind school would come here seeking employment. Parents with large families would bring them here in order to secure employment for the older members of the family and educational advantages for the younger ones. This would not only mean an increased enrollment in the colleges but would add to the permanent population of the city.

Jacksonville's institutions are the greatest assets which it possesses for the industrial development of the city. Should this program be carried out the business district would undergo a complete change within the next ten years. The business men who now pay rent would purchase their store buildings and improve them according to the increase in industrial activity. Many new buildings would be erected in the business sections and new homes would be erected in the residential districts.

The most promising movement along this line of industrial development is the bringing to Jacksonville the Brown Shoe company. The officials of this corporation are very favorably impressed with Jacksonville as a site for a factory. Their reason for coming to Jacksonville would be not to have to contend with the foreign labor element. Also because of the good schools, hospitals and churches in the city which would make for a satisfied and healthy body of employes.

They are so much impressed with Jacksonville that they hesitate to bring the factory which they have now in mind to the city, as they believe that Jacksonville is entitled to a higher class factory. The factory that they propose to build this fall is what is known as a "stitch down factory," which makes a cheap grade of children's shoes which retail for $3. The production costs on this shoe must necessarily be kept down as the retail cost is not high. They believe that the size of the city and the people they could secure for employes would merit a factory with a higher grade of she production.

This city, however, is on the list for a factory and will have one within the next six months or a year. After the Brown Shoe company is secured, other factories of equal standing can be brought here, and the actual increase in population would then be assured.

DISTRIBUTE CARDS FOR HALLOWE'EN FESTIVITIES

Cards for advertising the Hallowe'en festival, Automobile Day and Merchant's Sale to be held in Jacksonville on October 31, have been distributed in the business district. The members of the committee will begin Monday on the work of distribution in the outlying districts within a fifty mile radius of Jacksonville. Hand bills giving the prizes for auto day and the Hallowe'en festival will be printed within the next few days and distributed in a like manner.

EXILE THREATENED FREE THINKERS BY SOVIET GOVERNMENT

Educators, Publicists and Professonal Men May be Sent to Northern Russia—Lenine Says That Retreat Toward Capitalism Has Now Reached Its Final Limit

(By The Associated Press)

MOSCOW.—The soviet government's recent action in exiling abroad or to northern Russia many educators, publicists and professional men who were unable to reconcile themselves to the soviet regime, came like a bolt out of the blue and has left thousands of others of the "intelligentsia" wondering if their turn will come next.

For many months, since the development of free trade and the recreation of a class of rich speculators, it has been evident both to opponents of the government and to the communists themselves, that thousands of Russians were beginning to forget they were in the hands of a proletarian dictatorship, and were beginning to become as "bourgeoisie" as ever.

Thinking that the new freedom of trade might mean freedom of politics also, scores of college profesors and some organizations of professional men began to talk, write and think freely again. The more timid did this secretely, while some plucked up enough courage to lampoon the government's activities openly in pamphlets and in the class room. One group of college professors even dared to strike—and strikes usually bring prompt punishment in Russia

Premier Lenine openly announced, last spring, that the retreat toward capitalism had reached its limits, and both the Genoa and Hague conference established that the Soviet government was standing pat on the main principles of the proletarian dictatorship, even if it was inclined to make individual concessions to capitalists or foreign governments here and there

Within Russia, however, such leeway continued to be allowed to speculators Gambling casinos were opened, racing flourished, and so many new comercial undertakings were launched that very few Russians realized that the communist party had determined absolutely that the pendulum, having swung so far to the right, now had to be swung back to the left until the Soviet clock kept proper Bolshevik time.

Communists explain that so long as efforts of individuals, however profitable to themselves, continue to be immediately or potentially advantageous to the government in its scheme of reconstructing Russia, these individuals are to be given wide scope in freedom from interference. But when the work of the individual does not fit into this general scheme, or when an individual works against the government, then his activities are to be cut short and the offender punished.

The recen decrees of exile, says the newspaper Pravada, are only the first warnings to the intellectuals who remain. The Soviet government will, as in the past, value highly the support of those representatives of the old "intelligentsia" who will loyally work with the government, as the better part of the specialists do now, but will, as before, root out every attempt to utilize the legal possibilities for an open or secret struggle against the government and for the restoration of a "bourgeoisie regime."

"There is no hope for a return to the past," The Pravda warns.

COLLEGE OF MUSIC NOTES

Mrs. Forrest, of the faculty, sang two Indian songs at the Indian Fete held by the D. A. R. last Monday. She was accompanied by Mrs. Martin.

Madame Colard gave a short program at the Thursday meeting of the Kewanis club.

Miss Sapio played at assembly on Thursday at the high school and repeated her selections at the David Prince assembly on the same day.

Dorothy Fiedler, pupil of Miss Hay, played at the meeting of the U. T. C. held at the Fiedler residence on Wednesday.

Marjorie Wackerle, pupil of Miss Horsbrugh gave a violin solo at the Franklin and Morton Parent-Teacher's Association Tuesday afternoon, Oct. 17.

A quartet of voices for Centenary church has been organized from students of the College of Music. Fredericka Balch, Mary Lois Clark, Audrey King and Lovisa Weaver.

Verne Fiedler, pupil of Miss Horsbrugh, played at the Centenary Sunday School last Sunday.

In a letter describing her work at Lincoln, Ill., Grace Terhune writes that she has charge of music in eight grade buildings, leads a Glee Club of seventy-five members in high school, teaches music appreciation, leads chorus of six hundred students in high school once a week, has fifty teachers under her supervision, eight principles and two thousand pupils. Twice a week she has the Public School Methods class at the college.

The second Faculty recital will be given by Director Pearson on Monday evening, Oct. 30th. It is some time since the J. W. C. organ has been heard, and a program has been chosen that will fully demonstrate the fine qualities of the instrument.

Music lovers are urged to take advantage of the fine course offered by the Artists' Series this year. The Artists are as follows:

Oct. 23, Alma Hays Reed, Margaret O'Conner and Florence Brinkman.

Nov. 13, Maurice Dumesnil, French Pianist.

Dec. 11, Valentina Crespi and James Hamilton.

Jan. 13, Bogumil Sykora, Russian cellist.

On Monday evening, October 23, will be the first concert of the series, with Alma Hays Reed, Soprano, whose success in Chicago was so marked, Margaret O'Conner, harpist and Florence Brinkman, pianist. Of Miss Brinkman, it is said that she is a pianist of brilliant technical equipment, a finely endowed artist, whose playing is exquisite, graceful and has the "fen sacre." Miss O'Conner has won wide recognition as an artist of unusual ability. She has a tone of amazing clarity and feeling, bringing to her work a truly exceptional skill and understanding. Patrons are urged to lose no time in securing tickets for the concerts.

ILLINOIS COLLEGE NOTES

President Rammelkamp went to Streator Thursday to attend the annual meeting of the Presbyterian Synod.

Coach Harmon gave a very interesting and inspiring talk to the boys of the College Y. M. C. A. Wednesday evening. The subject of his talk was "Clean Athletics."

The Librarian of the College reports 113 new books accessioned since September 20th. Among those of special interest in the collection are "Passing of the Great Race" by Grant; "Causes of the War for Independence," Van Tyne; "Outline of Science," Thompson; Zuppke's latest football book; "New Edition of Britannica"; Greek House," Rider; "Political Biography of James K. Polk," by McCormac. All the above volumes are 1922 editions.

Mrs. Ogden, head of Academy hall, and Professor Isabel S. Smith, Dean of Women, will attend the Dean of Women's Conference in Chicago Friday and Saturday of this week.

The girls of the College Y. W. C. A. will hold their group meetings Monday afternoon. The faculty advisors for each group will have charge.

The Student Friendship Drive is still in prograss at the College. Miss Quayle gave a very interesting and instructive talk to the students of the College at the chapel services Wednesday morning. Miss Quayle as a representative of the Student Friendship Fund has spent much of her time during the past few years in work among the Russians.

The women of the faculty will give a tea at Mrs. Rammelkamp's home Tuesday afternoon in honor of the new teachers and Mrs. W. T. Harmon and Mrs. Henry Caldwell.

In Lois Kimball Mathew's book on the "Expansion of New England" lately acquired by the Illinois College Library, Illinois College is mentioned twice; once as being the school which established the first churches of this part of the country.

The society averages for the second semester of last year have just been completed. An interesting feature of the statistics is that the first six groups for the second semester had higher averages than the highest group for the first semester, showing the general trend toward better scholastic standards on the hill. The following were the averages for the second semester of last year—taking three as the highest grade:

Non-Society Women	2.13
Ogora	1.88
Alpha Eta Pi	1.86
Gamma Delta	1.84
Sigma Phi Epsilon	1.83
Sigma Pi	1.78
Phi Alpha	1.60
Gamma Nu	1.34
Non-Society Men	1.32

Dean Scott will attend the meeting of the State Committee on Religious Education of the Congregational Church, to be held at Evanston next week. He will also attend the meeting of the American Board of Commissioners of Foreign Missions.

Miss Eloise Capps, of the Conservatory faculty, played two violin numbers at the chapel exercises Friday morning. As always Miss Capps' playing was received with enthusiastic applause.

The Wallace Orchards are now offering Gano and Ben Davis apples on the trees to those who want them at from $1 to $3 per tree. Trees will run from 5 to 15 bushels to the tree. Open Sundays. Plenty of good sweet cider. Bring your own container.

WOMAN'S COLLEGE NOTES

President Harker concluded his talks on the history, early struggles and achievements of the college. In view of the remarkable achievements of the institution, the history at times might be classed with romance. Among the chief points of interest in the lectures were the three fires which occurred in the 60's and 70's.

The Young Woman's Christian Association have been busily engaged in putting on the campaign for the Student Friendship Fund. The monies raised, going to the aid of the students in foreign colleges, where the need and where the privation is so great. Miss Margaret Quayle, representing the Y. W. C. A. International Board, is assisting with the campaign.

An interesting picture of Commodore W. E. Longfellow appears in the Wednesday morning Tribune. Commodore Longfellow is to visit the college in the near future, giving a demonstration of life saving work and other tests that must be passed by those wishing to qualify for Red Cross certificates in swimming proficiency. In addition to his ability as a swimmer and life saver, Commodore Longfellow lectures on many interesting topics, among them being the art of defense as it can be practiced by women.

Dr. Charles Williamson, who spoke Friday at the Rotary Club on the "Beauties of the Great American Desert," was a visitor at the college. Dr. Williamson was formerly a student of President Harker when he was connected with Illinois College.

Miss Esther Davis is in Chicago attending the meeting of the Chicago Society and getting in touch with the members and friends of this organization. On her way back she will stop in Springfield and Decatur to visit the society there.

Dean Simmons of Carthage College and Mrs. Mathis of Carthage, Illinois were visitors Friday afternoon.

Miss Marjorie Garvey is successfully teaching Secretarial studies in the Pleasant Plains Township High school. Miss Garvey had all her work in this course at the college and is making good in her new position.

The Senior-Sophomore party will be held Monday afternoon. The plans for the actual entertainment are a secret and none of the Sophomores have as yet been able to solve the mystery. Every one is eagerly anticipating the event. A more detailed account will appear in the columns of the papers a little later.

A great many guests are at the college over the week-end, many of them being brought back to attend the banquets of the two societies, the Lambda Mu and Phi Nu. Among those who are here are Mildred Mayer, Easton; Harriet Keys, Margaret Merker, Lincoln; Mrs. Helen Reed Hawthorne, Piper City; Lura Hurt, Gladys Laughlin and Vera Wardner, Winchester, and Velma Pain of Franklin.

The library has received from the State Historical Society a 3-volume history of the activities of the 33rd division of the World War with port folio maps showing the position of the division throughout the war.

Conservatory Notes

The Illinois College Chorus will dismiss its rehearsal early Monday evening on account of the concert at the Woman's College.

There will be a Students' Recital in Recital Hall next Friday afternoon October 27th, at three o'clock. The public is invited to attend.

Miss Eloise Capps played a violin solo in Chapel last Friday morning October 20th.

Miss Helene Sorrels played violin solos for the Automobile Association on Thursday, October 19th.

Miss Lucille Mellen is singing at the M. E. church in Roodhouse on Sunday, October 22nd.

Miss Dorothy Gruet played a violin solo at Routt College on Thursday, October 19th.

Word has been received from Miss Ellen McCurley, a graduate of the Conservatory, who is now on a concert tour through the west and is meeting with excellent success everywhere.

Rehearsals have been resumed by the Conservatory Quintet, Mr. Kritch, Misses Eloise Capps and Carrie Dunlap, Messrs. Beebe and Munger.

Catherine Parker sang a group of solos and Virginia Spink accompanied her at a meeting of Strawn's Crossing Club, Wednesday.

For a quick dainty lunch our sandwiches of meats chicken or nuts, hot chili and coffee are suggested, at MERRIGAN'S.

The Winchester Community High School Building

School was opened in the new Community High School Building at Winchester, Illinois with the largest enrollment in the history of the school—198 pupils. The building is to be dedicated Nov. 3.

The new building has a frontage to the North of 140 feet by 75 feet in depth, with Gymnasium and Auditorium wing to the South 62 feet by 65 feet.

The Gymnasium opening from the ground floor, has a clear floor space of 60 feet by 78 feet, 20 feet high, providing ample space for large playing court and athletic space, with bleacher seats at each side for spectators. Opening from the Gymnasium are Boys and Girls Locker Rooms with Shower-Bath and Toilet facilities and above those a large balcony for spectators, or in emergency, for classes. Space for the storage of apparatus is also provided.

Centrally located on the ground floor is the Manual training room with Stock room and Finishing room in connection. To the South and East is located a large Agricultural and Biological Laboratory and Greenhouse for plant culture. A separate outside entrance is provided for this room.

The balance of the ground floor space is devoted to the Boys' Toilet rooms and rooms for the heating and ventilating apparatus and coal storage.

The natural slope of the ground lends itself admirable to the arrangement, setting the gymnasium well out of the ground thus affording long windows to amply daylight the large room.

A large study hall, occupies the center portion of the first story; 12 large windows, on the north, insure good light at all times. A library room is arranged in connection with the study hall and adjacent to this are the executive offices, comprising reception room, general and private offices and fireproof vault, supply closet and toilet. Here also are two class rooms and the Domestic Science department and Ladies Rest Room. The Domestic Science Rooms consist of a large cooking school with store room and Demonstrating dining room in connection with sewing room. A built-in buffet is provided in the dining room and fitting booth in the sewing room. Communication is also afforded between this department and the rest room.

Spacious Auditorium

Opening from the first floor is also the spacious auditorium, 60 feet by 60 feet, 25 feet high. The main floor is inclined so that all may have a clear view of the big stage, and together with the balcony above, seating is provided for about 1000 people. The stage is 45 feet wide by 28 feet deep, and is flanked on each side by stairways leading to separate outside entrances, dressing rooms and toilets above, and these stairs also give access to the gymnasium and locker room below. The stage will also be utilized for classes in music. The auditorium is pleasantly trimmed with ornamental plastic cornice and ceiling arched windows and provided on each side to light well the auditorium, as also the stage and music room. A booth for motion pictures and stereopticon machine is provided in the rear of the balcony. Altogether this a well appointed room for the assembling of the pupils, general community meetings, theatricals and commencement exercises, etc.

The Science and Commercial Departments, together with 4 rooms for other classes, comprise the second story, and here also on each side are the entrances to the auditorium balcony. Chemistry and Physics laboratories are provided, having dark-room and work rooms in conjunction and each communicating directly with a lecture room, between. Rooms for bookkeeping and stenography are provided for the commercial work.

The building is of modern design, of buff mat-faced brick with stone and brick trimmings and stone entrance. The building is trimmed thru in oak with floors of Maple, except corridors which have terrazzo finish over fireproof construction. All stairs are of metal construction with terrazzo treads and landings. Plumbing is of the most modern type and a huge fan on the ground floor delivers fresh air to all parts of the building, after being heated by steam coils. Radiators are also placed in all rooms, which together with the warm air delivered by the fan, comfortably heats the entire building in coldest weather and insures ample fresh air at all times the foul air being forced thru large ventilators in the roof. The entire ventilating system will be automatically regulated by the thermostatic control in each room

Contractors on Work

Martin J. Geise of Quincy, Illinois is the architect. Buerkin & Buerking of Quincy, Illinois had the general contract. The following board was elected soon after the formation of the district, Wm. F. Wainright, president; John C. Moore, George J. Peak, Albert Krueger, C. E. McDonald. At the spring election this year C. E. McDonald was succeeded by J. B. Bean W. L. Bagshaw is secretary. Charles W. Smith, who has been superintendent of the Winchester schools for the past eight years is head of the school. The following is the list of teachers: Lois M. Coultas, English, Latin; Olga Hieronymus, Commercial; Vera Wardner, English, French, Physical Training; Cecile Christison, English, History; Laura Hart, Biology; Gladys Laughlin, Home Economics; Mary Lansing, Mathematics; E L. Dillon, Agriculture; Vane R. Rutherford, Science, Physical Training.

The new building will be dedicated Friday, November 3. State Superintendent Frances G. Blair will give the dedicatory address on the evening of Nov. 3. Festivities will extend thru two days, Friday and Saturday. There are nine ten elementary schools in the high school district and each school will be represented on the program. Physical training exhibitions, athletic sports, good music, dinner served by the Domestic Science Department of the Woman's Club are other features on the program.

Mrs. Rena French Kessinger of Rome, N. Y., will arrive Monday night for a visit at the home of E. F. Joy and family.

Members of the Sunbeam class of the Christian church Sunday school entertained their boy friends at a weiner roast Friday night at the home of Charles Baker. The young people enjoyed a hay ride to the farm home of Mr. Baker and spent several hours very pleasantly there.

Among those who attended the luncheon of Democratic women at the Peacock Inn in Jacksonville Saturday were Mrs. William Fisher, Mrs. E. E. Sidles, Mrs. Monte Funk and Mrs. E. H. Nienheuser.

Miss Mary Russell of Hamilton, Ill., will spend Sunday with Miss Amy Onken and Mrs. E. H. Nienheuser.

Mrs. Horall Anderson delightfully entertained the members of the Chapin Household Science club at her country home on Wednesday afternoon, October 18. A large number were present. During a brief business session the following committees were appointed to serve for the opening meeting which will be held November 1, at the home of Mrs. B. A. Cratz of Concorn, which will be in the form of a Hallowe'en party.

Refreshment Committee—Mrs. Howard Tucker, Mrs. Alpha Anderson and Mrs. B. J. Taylor.

Entertainment Committee — Mrs. Monte Funk, Mrs. Harry Stewart, Miss Helen Markham.

Roll call found names of noted composers given. Miss Helene favored the guests with "The Rosary," in instrumental form. Mrs. Benjamin J. Taylor, read her paper on Noted Singers. It was a very interesting discussion, that followed. The subject of "The Value of Good Music in the Home," led by Miss Helene Markham. During enjoyable social hour the hostess assisted by her sisters, Misses Effie and Helene Markham, served a delicious two course luncheon. At a late hour the guests departed after a pleasant as well as enjoyable afternoon.

Is this your shoe trouble?

Do you wear a hole in the sole of your shoe, at the ball of the foot? Many people do, and they say the shoes are no good—poor leather, etc. The trouble is in your feet and not the shoes.

This shoe condition indicates that the arch across the ball of your foot has broken down, and the bones pressing against the soles will wear out any leather in a short time.

Dr Scholl's Foot Comfort Appliances

will absolutely relieve and correct this condition by raising the arch to its natural position. Will make your shoes wear longer, preserve their shape and give you wonderful foot comfort. Come to our Foot Comfort Department and get a Free Demonstration

A Perfect Blend of the Artisan and the Artist—

The Victrola

A Perfect Blend of the Artisan and the Artist—

The greatest soprano, the greatest tenor, the greatest basso, the greatest violin—all the rarest jewels in the world's diadem of music masterpieces—are yours to enjoy over and over again if your home contains a Victrola.

There is only one Victrola. Not content to bring you passable performance, merely, Victor scouts are roaming the earth seeking the sensational in art—the supreme in human endeavor. Today it is as great an honor for an artist to be invited to make records for the Victor as it is to be asked to star in the Metropolitan.

In this day of progress and enlightenment, can you afford not to have a Victrola? Where else can you get so much for so little.

Victrolas are priced as low as $25. New "console" models—the very latest in Victrolas, $115, $160 and upward.

TO ADDRESS SOCIAL SERVICE LEAGUE

Miss Amelia Sears of Chicago Will be Speaker at Annual Meeting of Social Service League Next Tuesday Night.

Miss Amelia Sears, assistant superintendent of United Charities of Chicago, is to speak at the annual meeting of the Social Service league to be held next Tuesday evening at Grace M. E. church. Supper will be served at 6 o'clock, followed by the business session and address.

The league feels fortunate in securing as the speaker on this occasion a person of such wide experience and national fame as Miss Sears, one of the best known women in social work in the United States.

As assistant general superintendent of the United Charities of Chicago she directs the work of the many divisions of the organization which administers relief to the needy families thruout the city.

Miss Sears' experience in social work has been in various fields. She began her work with the United Charities and for several years was in charge of the famous West Side Division of the society.

When the board of commissioners of Cook county established the Cook County Bureau of Public Welfare Miss Sears was asked to become the director. She organized and developed this bureau into one of the most important social organizations in the country.

She resigned to become civic director of the Woman's City club, an organization whose purpose is the development of ideals of citizenship among women and constructive civic reform.

Later she was superintendent of the Juvenile Protective association, an agency dealing with the preventive methods of care for the children of Chicago. She resigned this position to accept that of assistant general superintendent of the United Charities.

On Welfare Commission.

During Governor Lowden's administration Miss Sears served as a member of the State Welfare commission and in this advisory capacity made a splendid contribution to the work of the state department of public welfare.

She is affiliated with practically all of the social service organizations which are national in scope. For several years she has been a member of the executive board of the National Conference of Social Work and has an important part in devoloping the policy of the conference.

Miss Sears is regarded as one of the greatest experts in the United States on the care of the dependent family. Her book, "The Charity Visitor," is one of the standard text books for social workers in all schools of sociology.

Miss Sears is an exceptionally interesting speaker. She presents her facts simply, definitely and conclusively. She combines the human with the scientific side of the social problem in a manner that makes a strong appeal and holds closely the attention of her audience.

The coming of Miss Sears is of special interest because she is already acquainted with the local community and will bring the benefit of her wide experience in welfare work to help in formulating the local program of social work.

The report of the activities of the league for the past year will be given by Miss Fowler, the local superintendent. There will also be special musical numbers and a most enjoyable and profitable evening is anticipated. Those who will be unable to attend the supper are invited to come at 7:15 and hear Miss Sears.

OBITUARY.

Mary Isabel Jackson was born in the year 1851 in Dearborn county, Ind. She received her schooling and lived in the county of her birth until 1872, when she was married to Charles W. James, of Morgan county, Ill.

She has lived in this community from that time until her death.

She leaves two sons, loyd N. and Clifford E. James of this county, together with six grandchildren.

Two brothers, John H. Jackson of Harrison, Ohio, and Thomas L. Jackson of Glendora, Cal., and one sister, Mrs. C. A. Smith of Sheldon, Ill., also survive her.

Mrs. James was a woman who always stood for high ideals in life, and was very outspoken in her conviction.

She was energetic and possessed a business capacity of high order. Her passing leaves a vacant place in the community and her life stands as an inspiration to those who follow her.

A Sturdy Six at the Price of a Light Six

At its new low price the Jewett Six is still further removed from the possibility of legitimate comparison or competition.

This Paige-built six-cylinder, 50 horsepower automobile was introduced to the public less than a year ago as a new standard of value. On that basis it made good with a success of amazing proportions, for here at last at the price of a so-called "light" six was a six of genuinely sturdy construction. Every part and unit was found to be more than equal to the demand of any speed, or any condition of the road.

The car that unquestionably established a standard of unprecedented value has now been reduced to $995 f. o. b. factory. There is just one way to understand what this price means. You must examine the Jewett, ride in it, and then compare it with any other five-passenger six.

The complete Paige-Jewett lines of six-cylinder passenger cars offer a selection of thirteen models priced from $995 to $3350. The complete line of Paige trucks meets every haulage need. They are sold and serviced by Paige dealers everywhere.

GULBRANSEN
The Player Piano

the Gulbransen is the Life of the Party

Young folks dancing—old feet a-tapping—exhiliration fills the air. Music works its magic, and your Gulbransen is the life of the party.

Even the beginner can soon play real music for the Instruction Rolls—an exclusive Gulbransen feature—make it simple.

When you become familiar with the Gulbransen, you will find that every note is under your instant control. Loud or soft, fast, slow or medium tempo, you can play any selection with genuine feeling and apt expression. This signal difference in the Gulbransen, users say, permits them to duplicate hand playing, so you cannot tell the difference.

Dance music, accompaniments, operatic selections—a full evening's playing does not tire you, for the Gulbransen, of all player-pianos, is known to be the easiest to play. It responds instantly to the slightest touch on the pedals.

Enjoyment of the Gulbransen is so keen among all members of the family that your investment in it means lasting satisfaction. Gulbransen music is so fascinating that scarcely a day passes in the home without its hour of Gulbranses music.

Play a Gulbransen at our store for but ten minutes. Enjoy the thrill and the satisfaction of personally producing good music as only the Gulbransen can play it.

Market Report

By The Associated Press

IRREGULAR MOVEMENT OF MARKET PRICES

NEW YORK, Oct. 21.—Stock prices opened today with a show of strength but speculative selling and profit-taking in some issues and a brisk bidding up of others gave the market a decidedly irregular appearance.

The price movement reflected the play of opposing speculative forces. The weekly mercantile and trade reviews painted an optimistic picture of business conditions but they had little effect on market prices. High priced stocks continued to set the pace on the upward swing. Central of New Jersey being the individual feature with a gain of 15 points. Mexican Petroleum crossed 234 the highest price since 1919, but fell back later to 231¾ a net gain of ¾ on the day.

A drop of nearly four points in Great Northern ore certificates accompanied unconfirmed reports that the regular semi-annual dividend might not be maintained, recent payments having been out of surplus funds. Atlas Powder, Dupon and the shipping shares also were heavy.

Total sales were 496,000 shares.

Interests in the foreign exchange situation centered on the further decline of German marks to 2½ cents a hundred.

French, Belgian and Italian remittances also receded while sterling and the Scandinavian exchanges were quietly firm.

The clearing house statement showed an increase of $126,765,000 in loans, discounts and investments and increases of $33,377,000 in the reserve of member banks in the federal reserve bank $5b,376,000 in net demand deposits and $13,781,000 in time deposits. The excess reserve totalled $23,953,7230, as compared with last week's deficit of $2,333,280.

St. Louis, Oct. 21.—Close—Wheat December $1.10 5-8; May $1.10 5-8.

Corn—December 67c; May 67½c.

Oats—December 43c; May 43 1-8c.

VALUES OF GRAINS AVERAGED LOWER

By Associated Press.

CHICAGO, Oct. 21.—Liquidation was on in all grains today and with the markets under pressure from the start, values averaged lower. At the finish, wheat was 5-8 to 21-4c off with December $1.10¼ to $1.10½ and May $1.11⅛@$1.11 5-8, corn declined 1 3-8c to 2 1-2c, oats suffered a net loss of 5-8c to 1 1-8c and provisions varied from 2½c down to a like advance.

Relative firmness in Winnipeg there was much less bullish and sentiment was displayed. A heavy undertone thruout the short session. Shortly after the start pressure developed from houses with export connections and the demand gave out, prices breaking sharply, particularly in December. Some scattered selling by holders and commisison house was in evidence early but support was lacking on the dips. As a whole there was little in the news to affect the market, altho reports from the interior suggested improvement in the car situation proved to be a weakening factor score.

Corn and oats showed a rather heavy undertone with pressure on the December which worked to a wider discount under the way.

The depressing factor in corn was the weakness in cash corn premiums which showed losses of 1½c to 2c at the finish.

Provisions were dull with grains.

PRODUCE MARKET REVIEW

Poultry receipts were heavier during the week, with good demand for current and freezer requirements. Markets are closing on a firm basis. This is the time of the year to go thru your flocks and market the old fowl that are thru laying.

Deliveries of cream to creameries have been lighter this week, with a continued good demand from consuming trade for butter.

The market on butter is closing firm and slightly higher than a week ago. Many producers are finding extra feeding profitable, because of the increasde milk flow.

Real fresh eggs are selling a little higher, but much of the stock being marketed shows that a large percentage of it has been held. This sells at lower prices.

Storage eggs are moving very well, considering the season, but there is still a large surplus to be marketed, and continued increased consumption of eggs, both in the country and cities, will be necessary to reduce stocks satisfactorily.

The slogan, "Two Eggs a Day Will Clean Up the Lay," correctly expresses the situation.
